Agenda Item#:	Date: <u>September 11, 2018</u>
Item Title:	FY 2019/2020 PTC Budgets
Item Description:	The PTCs have submitted the attached budgets for FY 2019/20, which total \$444,585.
	In an effort to streamline the approval process for PTC donations, the School Committee traditionally reviews and approves the annual operating budget of each PTC, including any planned donations to the Needham Public Schools, thereby eliminating the need to approve individual donations on a piecemeal basis throughout the year.
Issues:	M.G.L. Chapter 44, Section 53A and School Committee policy #DFC/KH authorize the School Committee to accept any grant of gifts or funds given for educational purposes by the federal or state government, charitable foundations, private corporations, PTCs or an individual. M.G.L. Chapter 44, Section 53A further stipulates that any monies received and accepted by the School Committee may be expended without further appropriation.
Recommendation	s/Options: That the School Committee review and approve the attached PTC budgets for FY 2019/20.

NEEDHAM SCHOOL COMMITTEE

Agenda Item#:		Date: <u>Se</u>	ptember 17, 201	9			
Item Title:	In-Kind Donations – P	TC: 2018/19					
Item Description:	The following in-kind donations of goods and services were made by the PTCs to the Needham Public Schools during FY 2018-19. FY19 in-kind donations totaled \$303,933.58 and included items purchased on behalf of the School Department, such as creative arts presentations and performances, media purchases, materials and supplies and other expenses. These in-kind donations are comparable to prior years, as evident from the chart below:						
	PTC : In-Kind Donations	FY2018/19	FY2017/18	FY2016/17	FY2015/16		
	Broadmeadow	\$37,903.22	\$37,224.29	\$56,537.91	\$77,729.01		
	Eliot	\$22,530.00	\$17,766.71	\$18,598.32	\$25,032.00		
	Hillside	\$25,270.96	\$17,897.16	\$33,747.57	\$30,782.79		
	Mitchell	\$41,300.02	\$46,225.39	\$45,636.20	\$24,992.00		
	Newman	\$89,263.56	\$70,896.00	\$73,132.74	\$84,629.42		
	Preschool	\$9,441.64	\$9,777.28	\$7,265.44	\$4,776.35		
	High Rock/Pollard	\$31,938.00	\$28,372.00	\$33,804.88	\$38,627.47		
	Needham High School	\$46,286.18	\$41,751.76	\$36,558.00	\$35,980.65		
	Total	\$303,933.58	\$269,910.59	\$305,281.06	\$322,549.69		
Issues:	Detail listings of the in-kind donations made last year by the PTCs are attached. M.G.L. Chapter 44, Section 53A and School Committee policy #DFC/KH authorize the School Committee to accept any grant of gifts or funds given for educational purposes by the federal or state government, charitable foundations, private corporations, PTCs or an individual. M.G.L. Chapter 44, Section 53A further stipulates that any monies received and accepted by the School Committee may be expended without further appropriation.						
Recommendations/Options: That the School Committee approve the aforementioned donations of in-kind goods and services to the Needham Public Schools during FY 2018/19.

NEEDHAM SCHOOL COMMITTEE

Agenda Item#:	Date : <u>September 17, 2019</u>
Item Title:	FY 2019/2020 Booster Club Budget
Item Description:	The Booster Club has submitted the attached budget for FY 2019/20, which totals \$145,275. Planned donations to Needham Public Schools total \$59,100, which includes \$25,500 in athletic fee waivers and \$33,600 in anticipated inkind gifts of goods and services. The balance of the expenditure budget relates to fundraising activities by the Club.
	Similar to the PTC budget approval process, the School Committee reviews and approves the annual operating budget of the organization, including any planned donations to Needham Public Schools, thereby eliminating the need to approve piecemeal donations made throughout the school year.
Issues:	M.G.L. Chapter 44, Section 53A and School Committee policy #DFC/KH authorize the School Committee to accept any grant of gifts or funds given for educational purposes by the federal or state government, charitable foundations, private corporations, PTCs or an individual. M.G.L. Chapter 44, Section 53A further stipulates that any monies received and accepted by the School Committee may be expended without further appropriation.
Recommendations/	Options: That the School Committee review and approve the attached budget of the Needham Booster Club for FY2019/20.

Members of the School Committee Available for Presentation:

Ms. Mary Lammi, Assistant Superintendent of Student Support Services

Results of 2018 MetroWest Adolescent Health Survey

Key Findings and Recommended Action Steps

Background and Methodology

- The MWAH Survey is an initiative of the Metrowest Health Foundation focused on improving adolescent health and wellness through data driven advancements in prevention efforts, programs, and policies
- Survey data strengthens school and community efforts to better understand, prioritize, and address physical and mental health challenges facing our students
- Needham uses data to monitor trends, identify emerging health issues, and reflect on progress and set priorities for coming years
- The survey is administered every other year; parents/guardians informed and given a choice to opt out their child(ren); student participation is voluntary and protocols are in place to protect privacy
- Needham has participated in the MWAHS at the middle school level Grades 7-8 and high school level since 2006 and expanded survey administration to Grade 6 in 2018; 19 of 25 communities who participate include Grade 6; 94% participation rate

Key Health Indicators and Emerging Trends

Key Health Indicators

- Substance Abuse
- Violence
- Bullying
- Mental Health

Key Finding: 2006-2018 Trend Mental Health

Middle School Students

- Reports of life being stressful have remained relatively steady since 2006 (12% vs 14%)
- Females continue to report higher levels of stress and are much more likely to report life being stressful compared to males (18% vs 7%)
- Reports of mental health problems (depressive symptoms, self-injury, and suicidality) have remained similar in recent surveys
- Youth with disabilities report more mental health problems than without: depressive symptoms (22% vs 7%), self injury (18% vs 5%) and considering suicide (25% vs 6%)

High School Students

- Reports of life being stressful are lower in 2018 (32%) compared with 2016 (38%) with prior reports ranging from 25-32%
- Females continue to report higher levels of stress and are much more likely to report life being stressful compared to males (44% vs 19%)
- Reports of mental health problems (depressive symptoms, self-injury, and suicidality) are slightly lower over the past two surveys
- LGBTQ youth are more likely to report depressive symptoms (33% vs 11%), self-injury (25% vs 7%), and suicidal ideation (27% vs 7%)
- Youth with disabilities also report more mental health problems than without: depressive symptoms (24% vs 11%), self injury (17% vs 7%) and considering suicide (16% vs 7%)

Key Finding: 2006-2018 Trend Social Media

Middle School Students

Time Spent Online, Social Media Use, and Gaming

- 42% of youth spend 3 or more hours online on the average school day – a substantial increase from 2010 (19%)
- Time on social media is correlated with reports of cyberbullying victimization, substance use and mental health problems

High School Students

Time Spent Online, Social Media Use, and Gaming

- 64% of youth spend 3 or more hours online on the average school day – a substantial increase from 2010 (35%)
- Time on social media is correlated with reports of cyberbullying victimization, substance use and mental health problems.

Distracted Drivers:

 28% of youth rode in a car with high school driver who was texting in the past 30 days and 31% of 11th and 12th grade drivers report texting while driving

Key Finding: 2006-2018 Trend ADULT SUPPORT as a PROTECTIVE FACTOR

Middle School Students

- About three-quarters of youth report being engaged in and connected with their school Grades 6-8
- For Grades 7-8, school attachment is slightly lower in 2018 after remaining stable in recent surveys; for example 67% of students reported feeling happy to be at school compared to 77% in 2016
- 74% of youth have at least one teacher or other adult at school to talk to if they have a problem, and 96% of youth have a parent or other adult outside of school to talk to about things that are important to them

High School Students

- Over two-thirds of youth report being engaged in and connected with their school; remaining steady since 2006
- School attachment and adult support at school increased from 60% in 2006 to 72% in 2016 and further rose in 2018
- 75% of youth have at least one teacher or other adult at school to talk to if they have a problem, and 94% of youth have a parent or other adult outside of school to talk to about things that are important to them

Spring 2019

Highlights from the 2018 MetroWest Adolescent Health Survey

Needham Middle Schools

Background and Methodology

The MetroWest Adolescent Health Survey (MWHAS), an initiative of the MetroWest Health Foundation, signifies a deep commitment to improving adolescent health and wellness by supporting data-driven advancements in prevention efforts, programs, and policies. The 2018 survey is the 7th administration of the MWAHS, which has been administered every other year since 2006 in the region served by the MetroWest Health Foundation. In 2018 alone, over 41,000 middle and high school students in all 25 communities in the region participated in the survey. Needham has participated in the MWAHS at the middle school level since 2006.

The 2018 middle school survey was administered to a census of students in grades 7 and 8 in 24 school districts in the MetroWest Region. Nineteen school districts chose to include 6th grade in their surveys. In total, 16,799 middle school students in the region participated in this voluntary and anonymous survey. In Needham, 1,217 students in grades 6 through 8 participated in the 2018 MWAHS, representing 95% of students. The 6th grade at the High Rock School participated in the MWAHS for the first time in 2018.

As in previous survey waves, local procedures were followed to inform parents of the survey and give them the choice to opt out their child(ren). Students were also informed that their participation was voluntary and that no names or other identifying information were being collected. Data collection at each school was guided by a protocol that protected the privacy of students' responses.

This report summarizes current youth behaviors on key health indicators in the areas of substance use, violence, bullying, mental health, physical activity, and protective factors. The 2018 reports include new information on emerging trends such as use of electronic vapor products (including e-cigarettes) and areas of heightened concern, such as stress and anxiety, and social media use. The data allow for an examination of behavioral trends across seven time points from 2006 to 2018. Current data from 2018 are provided by sex and grade, and trends over the seven waves of the MWAHS are highlighted.

Findings from the MWAHS are used by schools and communities to improve health education, inform prevention efforts, and set priorities for achieving a healthier youth population. By monitoring trends in adolescent health and risk behaviors for well over a decade, the survey data has improved efforts across the region to better understand, prioritize, and address the most pressing physical and mental health challenges facing youth today.

Key Findings: Substance Use

Cigarette Smoking (Conventional)

Patterns

2018 » 2% of students have smoked a cigarette in their lifetime, and fewer than 1% smoked recently (in the past 30 days).

- (Grades 6-8) » Reports of lifetime smoking are similarly low among females and males.
 - » Initiation of smoking increases from less than 1% in 6th grade to 2% in 7th and 8th grades.

Trends

2006-2018 » Youth smoking has declined substantially: Reports of lifetime smoking decreased from 7% in 2006 to 2% in 2018.

- (Grades 7-8) » During the same period, reports of current smoking (in the past 30 days) dropped from 3% to less than 1%.
 - » Cigarette smoking decreased among both males and females.
 - » In the MetroWest region, reports of cigarette smoking in middle school have declined steadily since 2006.

Electronic Vapor Products*

Patterns

2018 » 5% of youth have tried an electronic vapor product (EVP) in their lifetime, and 3% used EVPs in the past 30 days.

- (Grades 6-8) » Lifetime EVP use does not differ by sex, but current EVP use is higher among females (4%) than males (2%).
 - » Lifetime EVP use increases from 1% in 6th grade to 8% in 8th grade, and current use increases from 1% in 6th grade to 3-4% in 7th and 8th grades.
 - » 85% of youth perceive moderate or great risk in using EVPs, with slightly higher perceptions of risk among females and 6th grade students.

Trends

2006-2018 » EVP use has increased in the last two years: The proportion of youth who ever tried EVPs increased from 3% in 2016 to 7% in 2018. (EVP data were first collected in 2014.)

- (Grades 7-8) » Current EVP use increased from 1% in 2016 to 4% in 2018.
 - » EVP use increased among both sexes. For example, lifetime use increased from 3% in 2016 to 7% in 2018 among females, and from 2% to 7% among males.
 - » Despite the increase in EVP use, perception of risk rose from 73% in 2014 to 87% in 2016, with reports slightly lower at 83% in 2018.
 - » Reports of EVP use in the MetroWest region have risen rapidly since 2016.

Electronic vapor products (EVPs) include electronic cigarettes (e-cigarettes) like JUUL, Phix, Vuse, MarkTen, and blu, and other electronic vapor products like vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods.

Alcohol Use

2018 » 9% of students drank alcohol in their lifetime, and 3% drank in the past 30 days.

Patterns » Less than 1% of middle school youth report recent binge drinking.*

- (Grades 6-8) » More males than females initiate alcohol use during the middle school years (11% compared to 7%); however, current drinking is similar by sex.
 - » Alcohol use increases substantially by grade: Lifetime use increases from 5% in 6th grade to 12% in 8th grade. Current drinking increases from 1% in 6th grade to 4% in 8th grade.
 - » 1% of students report ever being a passenger in a car driven by a high school student who had been drinking alcohol.

Trends

2006-2018 » After declining steadily from 2006 to 2016, reports of alcohol use in middle school are higher in 2018.

- (Grades 7-8) » Lifetime use declined from 20% in 2006 to 6% in 2016, increasing to 11% in 2018.
 - » Current use declined from 8% in 2006 to 2% in 2016, with reports at 4% in 2018.
 - » Binge drinking has been steady at less than 1% since 2012, slightly lower than prior surveys
 - » There are recent increases in lifetime drinking among both females (from 5% in 2016 to 9% in 2018) and males (from 8% to 14%).
 - » In the MetroWest region, alcohol use declined substantially from 2006 to 2016, and then remained similar in 2018.

Marijuana Use

Patterns

2018 » 1% of middle school youth have ever used marijuana in their lifetime, and 1% used marijuana in the past 30 days.

- (Grades 6-8) » Marijuana use is similarly low among females and males.
 - » A small proportion of youth initiate marijuana use in middle school, with lifetime use increasing from less than 1% in 6th grade to 2% in 8th grade.
 - » 15% of youth report that marijuana is "fairly easy" or "very easy" to obtain.
 - » 89% of youth perceive that using marijuana is of "moderate" or "great risk." Lower risk perception is associated with increased use.

Trends (Grades 7-8)

- 2006-2018 » After past declines, marijuana use is steady in 2018. For example, lifetime use decreased from 4% in 2006 to 2% in 2014, and has remained similar at 1-2% over the last two surveys.
 - » Lifetime use decreased from 5% in 2006 to 2% in 2018 among males; reports have been similar at 1-2% among females.
 - » Current marijuana use has been steady at 1-2% since 2012, slightly below 2006 levels (3%).
 - » Marijuana use in the MetroWest region has levelled in 2018 after previous declines.

Binge drinking is defined as consuming 4 or more drinks in a row for females, or 5 or more drinks in a row for males in the past 30 days. This does not take into account body weight or other factors that influence intoxication levels.

Key Findings: Violence

Physical Fighting

Patterns

2018 » 29% of youth have been in a physical fight in their lifetime, and 7% have been in a fight on school property.

- (Grades 6-8) » Many more males than females report fighting overall (45% compared with 14%) and on school property (11% compared with 3%).
 - » The proportion of students who have engaged in physical fighting in their lifetime ranges from 26-32% by grade.

Trends

2006-2018 » Fewer youth are involved in physical fights. Reports of lifetime physical fighting decreased from 45% in 2006 to 25% in 2016 and remained similar at 27% in 2018.

- (Grades 7-8) » Reports of fighting on school property decreased steadily from 20% in 2006 to 5-6% in 2016-2018.
 - » There have been notable decreases in lifetime fighting among both males and females: From 2006 to 2018, fighting decreased from 66% to 43% among males, and from 24% to 13% among females.
 - » In the MetroWest region, physical fighting decreased steadily in early years of the MWAHS, both overall and on school property, and have been similar in recent reports.

Weapon Carrying

Patterns

2018 » 9% of youth carried a weapon in their lifetime, and fewer than 1% carried a weapon on school property.

- (Grades 6-8) » Consistent with patterns for physical fighting, many more males (15%) than females (4%) report carrying weapons in their lifetime.
 - » Lifetime reports of weapon carrying are similar during the middle school grades at 8-11%.

Trends

2006-2018 » Lifetime weapon carrying is lower in 2018 (9%) than 2016 (12%), with prior surveys ranging from 9-13%.

- (Grades 7-8) » Weapon carrying on school property has been steady at 1% since 2010, slightly lower than 2006 levels (3%).
 - » Reports of weapon carrying decreased notably among males (from 20% in 2006 to 14% in 2018), whereas they have been similar among females at 4-5%.
 - » In MetroWest, weapon carrying declined slightly in 2018 after remaining steady in prior years.

Key Findings: Bullying and Cyberbullying

Bullying

Patterns

- 2018 » 19% of middle school youth have been bullied in the past 12 months, and 15% have been bullied on school property. 3% of students report bullying other students.
- (Grades 6-8) » Bullying victimization is slightly higher among females than males overall (20% compared to 18%) and on school property (16% compared to 14%).
 - » Reports of bullying at school are slightly higher in 6th grade (18%) compared with 7th and 8th grades (14-15%).
 - » 7% of youth reported being verbally harassed in the past 12 months due to their race, ethnicity or culture, 4% due to their sexual orientation or gender identity, 4% due to a disability, and 21% due to their appearance (height, weight, or how they look).
 - » Youth with learning and/or physical disabilities are more likely to be bullied at school than youth without disabilities (24% vs. 14%).
 - » Among students bullied at school in the past 12 months, 38% had talked to a school adult, and 62% had talked to a parent/adult outside of school.

- 2006-2018 » After declining from 41% in 2006 to 10% in 2016, school bullying victimization is slightly higher in 2018 at 14%. Future data will show if this is indicative of a trend.
- (Grades 7-8) » Reports of overall bullying victimization follow a similar pattern.
 - » There recent increase in school bullying is higher among females (from 8% in 2016 to 15% in 2018) than among males (from 11% to 14%).
 - » Bullying victimization is also higher in 2018 in MetroWest after decreasing in prior years.

Cyberbullying

Patterns

- 2018 » 11% of youth report being victims of cyberbullying in the past 12 months, and 3% report cyberbullying someone else.
- (Grades 6-8) » Females are more likely to be victims of cyberbullying than males (14% vs. 8%).
 - » Cyberbullying is similar by grade at 10-13%.
 - » Youth with disabilities are at elevated risk of being victimized online compared to youth without disabilities (16% vs. 10%).
 - » The majority of cyberbullying victims do not seek help from adults: Among students who were cyberbullied in the past 12 months, only 9% had talked to an adult at school and 33% had talked to a parent or other adult outside of school.

Trends

2006-2018 » Reports of cyberbullying have decreased from 17% in 2006 to 14% in 2012-2016, further lowering to 11% in 2018.

- (Grades 7-8) » There are recent decreases in cyberbullying among both females (from 17% in 2016 to 14% in 2018) and males (from 10% to 8%).
 - » Cyberbullying victimization has levelled in MetroWest in 2018 after a prior increase.

Key Findings: Mental Health

Stress and Anxiety

2018 » 13% of students report that their life was very stressful in the past 30 days.

Patterns » Females are much more likely to report this level of stress than males (18% vs. 7%).

- (Grades 6-8) » Reports of stress increase by grade, from 10% in 6th grade to 15% in 8th grade.
 - » School is the most common source of stress, reported by 38% of youth. This is followed by stress related to social issues (17%), appearance issues (17%) and family issues (12%).
 - » 15% of students report feeling nervous, anxious, or on edge on at least half the days in the past two weeks, and 12% report feeling unable to stop or control worrying. Reports of anxiety symptoms are over twice as high among females as males and increase during the middle school years.
 - » 18% of youth report feeling tired or having little energy, 16% report sleeping problems, 14% report having trouble concentrating in school, and 11% report eating problems due to feeling stressed, anxious, or worried in the past two weeks.

Trends

2006-2018 » Reports of life being very stressful in the past 30 days decreased from 12% in 2006 to 9% in 2016, but were higher in 2018 at 14%.

- (Grades 7-8) » The recent increase in stress from 2016 to 2018 is driven largely by an increase among females, from 13% to 20%. Stress increased slightly among males, from 5% to 7%.
 - » In the MetroWest region, stress continued to rise notably from 2016 to 2018 after an earlier increase.

Depressive Symptoms, Self-Injury, and Suicidality

2018 » 9% of students reported depressive symptoms in the past 12 months.*

Patterns » 6% of youth reported self-injury in the past 12 months.†

- (Grades 6-8) » 9% of youth have seriously considered suicide in their lifetime, and 2% have made a suicide attempt.
 - » Females are more likely than males to report all of the above mental health problems. For example, 11% of females and 5% of males report depressive symptoms.
 - » Reports of depressive symptoms and self-injury in the past 12 are similar in grades 6 through 8. Lifetime reports of suicidal thoughts and attempts increase by grade.
 - » Youth with disabilities report more mental health problems than youth without disabilities, including depressive symptoms (22% vs. 7%), self-injury (18% vs. 5%) and seriously considering suicide (25% vs. 6%).
 - » Many youth who report mental health problems are not receiving mental health services: Among students reporting depressive symptoms in the past 12 months, 36% talked to a school counselor, therapist, or psychologist at school, 16% talked to a school nurse, and 45% of students talked to a therapist, psychologist, or other mental health professional outside of school.

Trends

2006-2018 » Overall reports of mental health problems have not changed substantially in recent surveys.

- (Grades 7-8) » Specifically, reports of depressive symptoms have been similar at 7-9% since 2008, down from 13% in 2018.
 - » Reports of self-injury have been steady at 5-6% since 2006. However, there has been an increase among females (from 5% in 2006 to 9% in 2018), whereas reports have been similar among males at 3-5%.
 - » There may be a slight increase in seriously considering suicide: After remaining steady at 8% from 2006 to 2016, reports are slightly higher at 10% in 2018. Since 2006, reports have been similar among males at 6-7%, but have increased slightly among females, from 9% in 2006 to 12% in 2018.
 - » Suicide attempts have been steady at 1-2% throughout all years of the survey.
 - » Reports of mental health problems among MetroWest youth are higher in 2018 compared with past surveys.

Depressive symptoms are defined as feeling sad or hopeless almost every day for two or more weeks during the past 12 months.

[†] Self-injury is defined as cutting, burning, or bruising oneself on purpose in the past 12 months.

Key Findings: Physical Activity, Overweight/Obesity, Sleep

Physical Activity

Patterns

2018 » 65% of youth report moderate physical activity in the past week, and 86% of youth report vigorous physical activity.†

- (Grades 6-8) » Males are more likely than females to report moderate physical activity (68% compared to 63%); reports of vigorous physical activity do not differ by sex.
 - » Reports of moderate physical activity are higher in 6th grade (72%) than in 7th and 8th grades (62%).
 - » 3% of youth report no moderate physical activity in the past 7 days.

Trends

2006-2018 » After increasing from 81% in2006 to 89% in 2014, the proportion of youth who exercised vigorously on at least 3 days in the past week has remained steady at 85%.

(Grades 7-8) » In the MetroWest region, physical activity levels have not changed substantially since 2006.

Overweight/Obesity

2018 » 15% of youth are overweight or obese.[‡]

Patterns » Males are more likely than females to be overweight or obese (20% compared with 10%).

(Grades 6-8) » Overweight/obesity increases from 13% in 6th grade to 17% in 8th grade.

2006-2018 » Overweight/obesity has ranged from 12-17% since 2006.

Trends » In the MetroWest region, overweight/obesity in middle school has not changed notably over

(Grades 7-8)

the seven surveys.

Moderate physical activity is defined as activity that increases heart rate and makes you breathe hard for ≥60 min on 5+ of the past 7 days.

[†] Vigorous physical activity is defined as exercising for at least 20 minutes that makes you sweat and breathe hard on 3+ of the past 7 days.

[‡] Overweight/obesity is based on self-reported height and weight, which is used to calculate body mass index. Overweight/obesity is defined as being in the 85th percentile or above for body mass index by age and sex, based on reference data.

Sleep

2018 » 66% of youth get 8 or more hours of sleep on an average school night.

Patterns » More males than females get 8 hours of sleep per night (70% compared to 64%).

- (Grades 6-8) » Reports of getting 8 or more hours of sleep decrease substantially as students get older, from 80% in 6th grade to 53% in 8th grade.
 - » As noted earlier, 16% of youth (20% of females and 11% of males) report sleep issues related to being stressed, anxious, or worried.
 - » Youth who sleep less than eight hours per night are more likely to report poor mental health, including depressive symptoms (18% vs. 4%), self-injury (14% vs. 3%), and seriously considering suicide (17% vs. 5%).

Trends (Grades 7-8)

- 2006-2018 » The proportion of youth sleeping 8 or more hours on an average school night has decreased from 66% in 2014 to 59% in 2018. (2014 was the first year that sleep data was collected.)
 - » Both females and males report less sleep.
 - » Youth in the MetroWest region also report getting less sleep in 2018 compared with 2014.

Key Findings: Online Behavior

Time Spent Online, Social Media Use, and Gaming

2018 » 34% of youth spend three or more hours online on the average school day.

(Grades 6-8)

- Patterns » 9% spend three or more hours per day on social media, specifically, and 8% spend three or more hours gaming.
 - » Females are more likely than males to spend three or more hours on social media daily (11% vs. 7%), and males are more likely to spend three or more hours gaming (14% vs. 2%).
 - » Youth report both positive and negative attitudes towards social media. On the positive side, social media helps youth feel more connected to peers (51%), provides a source of social support (24%), and helps them find people with common interests and hobbies (52%). On the negative side, social media makes a sizeable minority of students feel badly about themselves or excluded (18%), keeps them from doing important things like homework or family responsibilities (15%), and has hurt relationships with peers (6%).
 - » 25% of all youth feel they spend too much time on social media (35% of females and 13% of
 - » Youth who spend three or more hours on social media daily are more likely to report cyberbullying victimization (25% vs. 10%) and perpetration (9% vs. 2%).
 - » Youth who spend more time on social media are more likely to report substance use and mental health problems. For example, high users of social media are more likely to report lifetime alcohol use (25% vs. 8%) than lower users. They are also more likely to report depressive symptoms in the past 12 months (23% vs. 7% and seriously considering suicide in their lifetime (21% vs. 7%).

Trends (Grades 7-8)

- 2006-2018 » The proportion of youth spending three or more hours online on an average school day has increased substantially from 19% in 2010 to 42% in 2018. (2010 was the first year this data was collected.)
 - » Increases in time spent online are considerable among both females and males.
 - » In the MetroWest region, the proportion of youth spending three or more hours online daily nearly tripled from 2010 to 2018.

Key Findings: Protective Factors

School Attachment and Engagement

Patterns (Grades 6-8)

- 2018 » About three-quarters of youth report being engaged in and connected with their school. This is indicated by agreement with statements such as "I feel close to people at this school" (72%), "I am happy to be at this school" (70%), and "I feel safe in my school" (86%).
 - » While a majority of both males and females report high levels of school attachment, reports are generally higher among males.
 - » School attachment does not follow a consistent pattern by grade.

Trends

2006-2018 » Several indicators of school attachment are slightly lower in 2018 after having been relatively stable in recent surveys.

- (Grades 7-8) » For example, the proportion of students reporting that they feel happy to be at their school decreased from 77% in 2016 to 67% in 2018, and the proportion reporting that they feel like a part of their school decreased from 79% to 74%. In addition, student reports of feeling safe in their school decrease from 89% to 85%; these findings may reflect perceptions of physical and/or emotional safety.
 - » Several indicators of school attachment are also lower in 2018 in the MetroWest region compared with prior years.

Adult Support

Patterns (Grades 6-8)

- 2018 » 74% of youth have at least one teacher or other adult at school to talk to if they have a problem, and 96% of youth have a parent or other adult outside of school to talk to about things that are important to them.
 - » Adult support at school is similar among females and males and range from 68-78% by grade, with the highest reports in 6th and 8th grades.
 - » Reports of adult support outside of school are similar by sex and grade.

Trends

2006-2018 » Reports of adult support at school increased from 63% in 2006 to 76% in 2016, with reports slightly lower in 2016 at 72%.

- (Grades 7-8) » Overall since 2006, there have been increases in adult support at school among both females and males.
 - » Adult support outside of school has increased from 90% in 2006 to 96% in the three most recent surveys.
 - » In the MetroWest region, there has also been an increase in adult support at school since 2006.

Conclusions

Now having completed the 7th administration, the MWAHS is an invaluable tool for guiding schools and communities across the region to take data-driven approaches to improve adolescent health. The 2018 survey data identifies areas of concern while also highlighting important progress that has been made since the survey began more than a decade ago. The 2018 data show that Needham is making important advances in some behavioral health areas, such as cigarette smoking and physical violence. While these demand continued attention, the data also highlight other areas of concern, including use of electronic vapor products, bullying, and mental health. Continued use of the MWAHS data to identify priorities and drive local decisions will help to address the greatest challenges to adolescent health and lead to safer and healthier communities.

Highlights from the MetroWest Adolescent Health Survey

Informing data-driven school and community health policies and practices

2018 | Needham High School

GRADES 9-12

Spring 2019

Highlights from the 2018 MetroWest Adolescent Health Survey

Needham High School Report

Background and Methodology

The MetroWest Adolescent Health Survey (MWHAS), an initiative of the MetroWest Health Foundation, signifies a deep commitment to improving adolescent health and wellness by supporting data-driven advancements in prevention efforts, programs, and policies. The 2018 survey is the 7th administration of the MWAHS, which has been administered every other year since 2006 in the region served by the MetroWest Health Foundation. In 2018 alone, over 41,000 middle and high school students in all 25 communities in the region participated in the survey. Needham High School has participated in the MWAHS since 2006.

The 2018 high school survey was administered to a census of students in grades 9 through 12 in all 26 high schools in the MetroWest region. In total, 24,746 high school students in the region participated in this voluntary and anonymous survey. At Needham High School, 1,584 students in grades 9 through 12 participated in the 2018 MWAHS, representing 92% of students.

As in previous survey waves, local procedures were followed to inform parents of the survey and give them the choice to opt out their child(ren). Students were also informed that their participation was voluntary and that no names or other identifying information were being collected. Data collection at each school was guided by a protocol that protected the privacy of students' responses.

This report summarizes current youth behaviors on key health indicators in the areas of substance use, violence, bullying, mental health, sexual behavior, physical activity, and protective factors. The 2018 reports include new information on emerging trends such as use of electronic vapor products (including e-cigarettes) and areas of heightened concern, such as stress and anxiety, and social media use. The data allow for an examination of behavioral trends across seven time points from 2006 to 2018. Current data from 2018 are provided by sex and grade, and trends over the seven waves of the MWAHS are highlighted.

Findings from the MWAHS are used by schools and communities to improve health education, inform prevention efforts, and set priorities for achieving a healthier youth population. By monitoring trends in adolescent health and risk behaviors for well over a decade, the survey data has improved efforts across the region to better understand, prioritize, and address the most pressing physical and mental health challenges facing youth today.

Key Findings: Substance Use

Cigarette Smoking (Conventional)

Patterns

- 2018 » 11% of students have smoked a cigarette in their lifetime, and 2% smoked recently (in the past 30 days).
 - » Males are more likely than females to smoke in their lifetime (13% compared with 9%).
 - » Initiation of smoking increases from 5% in 9th grade to 19% in 12th grade.

Trends

- 2006-2018 » Cigarette smoking has declined markedly: Reports of lifetime smoking decreased from 29% in 2006 to 11% in 2018.
 - » During the same time period, current smoking (in the past 30 days) dropped from 13% to 2%.
 - » Cigarette smoking decreased substantially among both males and females.
 - » In the MetroWest region, reports of cigarette smoking have declined steadily since 2006.

Electronic Vapor Products*

Patterns

- 2018 » 35% of youth have used electronic vapor products (EVPs) in their lifetime, and 23% used EVPs in the past 30 days.
 - » EVP use is greater among males than females. For example, current use is reported by 25% of males and 20% of females.
 - » Lifetime EVP use increases from 20% in 9th grade to 48% in 12th grade, and current use increases from 13% to 33%.
 - » 3% of high school students report using EVPs daily in the past 30 days. Nearly one in ten 12th grade students (8%) report daily use.
 - » 71% of youth perceive moderate or great risk in using EVPs, with higher perceptions of risk among females and younger students.

- 2006-2018 » EVP use has increased rapidly in the last two years: The proportion of youth who ever tried EVPs increased from 26% in 2016 to 35% in 2018.
 - » Current EVP use increased from 16% in 2016 to 23% in 2018.
 - » While EVP use increased among both females and males since 2016, the recent increase was greater among females. For example, lifetime use increased from 21% in 2016 to 34% in 2018 among females, and from 31% to 35% among males.
 - » Despite the increase in EVP use, perception of risk rose steadily, from 42% in 2014 to 71% in
 - » Reports of EVP use in the MetroWest region have also risen considerably since 2016.

Electronic vapor products (EVPs) include electronic cigarettes (e-cigarettes) like JUUL, Phix, Vuse, MarkTen, and blu, and other electronic vapor products like vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods.

Alcohol Use

2018 » 49% of students drank alcohol in their lifetime, and 29% drank in the past 30 days.

- Patterns » 19% report recent binge drinking.*
 - » Reports of lifetime alcohol use, current use, and binge drinking are similar among females and males.
 - » Alcohol use increases substantially by grade: Current drinking increases from 13% in 9th grade to 50% in 12th grade, and binge drinking increases from 5% to 38%.

Trends

- 2006-2018 » Alcohol use in high school has declined substantially: From 2006 to 2018, lifetime use decreased from 66% to 49%, and current use decreased from 45% to 29%.
 - » Binge drinking also decreased during this time, from 28% to 19%.
 - » Drinking declined among both males and females. For example, lifetime drinking decreased from 67% in 2006 to 48% in 2018 among females, and from 66% to 50% among males.
 - » In the MetroWest region, alcohol use has declined substantially since 2006.

Marijuana Use

- 2018 » 29% of youth have ever used marijuana, and 20% used marijuana in the past 30 days.
- Patterns » Males are more likely than females to initiate marijuana use (31% compared with 26%) and report recent use (24% compared with 15%).
 - » Marijuana use increases substantially by grade. For example, lifetime use increases from 10% in 9th grade to 51% in 12th grade. 36% of 12th grade students have used marijuana in the past 30 days.
 - » 4% of youth have used marijuana on school property in the past 30 days.
 - » 23% of youth have used marijuana in an electronic vaping device in their lifetime.
 - » A majority of youth (61%) report that marijuana is "fairly easy" or "very easy" to obtain.
 - » 60% of youth perceive that using marijuana is of "moderate" or "great risk." Lower risk perception is associated with increased use.

- 2006-2018 » After past declines, marijuana use is higher in 2018. For example, lifetime use decreased from 32% in 2010 to 24% in 2016, increasing to 29% in 2018. Future data will determine if this represents the beginning of a trend.
 - » Current marijuana use is also slightly higher in 2018 (20%) compared with 2016 (16%), with prior reports ranging from 19-25%.
 - » There are recent increases in marijuana use among both females and males.
 - » Marijuana use in the MetroWest region is slightly higher in 2018 after previous declines.

Binge drinking is defined as consuming 4 or more drinks in a row for females, or 5 or more drinks in a row for males in the past 30 days. This does not take into account body weight or other factors that influence intoxication levels.

Prescription Drug Misuse*

Patterns

- 2018 » 4% of youth have misused prescription drugs in their lifetime, and 2% have misused prescription drugs in the past 30 days.
 - » Lifetime prescription drug misuse is similar by sex (4% of females and 5% of males).
 - » Reports of lifetime misuse increase by grade, from 9th grade (2%) to 12th grade (8%).
 - » 4% of youth have misused prescription stimulants in their lifetime.
 - » 1% have misused prescription pain medicine in the past 30 days.[†]

- 2006-2018 » Lifetime misuse of prescription drugs decreased from 11% in 2006 to 4% in 2018.
 - **Trends** » Reports of prescription drug misuse are lower among both females and males.
 - » There has also been a substantial decrease in prescription drug misuse in the region since 2006.

Key Findings: Impaired and Distracted Driving

Impaired Driving

Patterns

- 2018 » 11% of students report being a passenger in a car driven by someone who had been drinking alcohol in the past 30 days, and 5% rode with a high school driver who had been drinking.
 - » 13% of students report being a passenger in a car driven by a high school student who had been using marijuana in the past 30 days.
 - » 4% of 11th and 12th grade students who drive report driving after drinking in the past 30 days, and 15% report driving after using marijuana.
 - » Males are more likely than females to report driving after using marijuana (20% compared to 10%); reports of driving after drinking are similar by sex.
 - » 12th grade drivers are more likely to report driving after drinking (6% vs. 2%) or using marijuana (21% vs. 7%), compared with 11th grade drivers.

- 2006-2018 » Consistent with the decline in alcohol use, reports of riding in a car driven by someone who had been drinking decreased steadily from 24% in 2006 to 11% in 2018.
 - » Fewer high school drivers report driving after drinking, from 19% in 2006 to 4% in 2018.
 - » Reports of driving after using marijuana are slightly higher in 2018 (15%) compared with 2012 (13%).
 - » Drinking and driving among youth in the MetroWest region has declined substantially since 2006, and driving after using marijuana is also lower in recent surveys.

Without a doctor's prescription, such as using someone else's prescription or obtaining the medicine illegally.

[†] Includes opioids like codeine, Vicodin, OxyContin, Hydrocodone, and Percocet. The wording "prescription pain medicine" was used for consistency with wording used on the Centers for Disease Control and Prevention's Youth Risk Behavior Survey.

Distracted Driving

Patterns

- 2018 » 28% of youth rode in a car with a high school driver who was texting in the past 30 days, and 31% of 11th and 12th grade drivers report texting while driving.
 - » Reports of texting while driving are similar among females (31%) and males (32%).
 - » Many more 12th grade drivers report texting while driving (43%) compared with 11th grade drivers (19%).

Trends

- 2006-2018 » Reports of texting while driving among 11th and 12th grade drivers decreased from 39% in 2010 to 29% in 2016 and were slightly higher in 2018 at 31%. (2010 was the first year that the survey asked about texting while driving.)
 - » In the MetroWest region, texting while driving decreased from 2010 to 2016 and then was similar in 2018.

Key Findings: Violence

Physical Fighting

Patterns

- 2018 » 12% of youth have been in a physical fight in the past 12 months, and 4% have been in a fight on school property.
 - » Many more males than females report fighting (18% compared with 6%) and fighting on school property (6% compared with 2%).
 - » Reports of physical fighting are higher in 9th grade (15%) compared with grades 10 through 12 (11%).

- 2006-2018 » Fewer youth are involved in physical fights. Reports of fighting in the past 12 months decreased steadily, from 20% in 2006 to 12% in 2018.
 - » Reports of fighting on school property declined from 7% in 2006 to 4% in 2014 and then levelled in the past two surveys at 3-4%.
 - » There were notable decreases in fighting among both males and females: From 2006 to 2018, fighting decreased from 29% to 18% among males, and from 11% to 6% among females.
 - » In the MetroWest region, physical fighting has decreased steadily since 2006, both overall and on school property.

Weapon Carrying

Patterns

- 2018 » 3% of youth carried a weapon in the past 30 days, and 2% carried a weapon on school property.
 - » More males (5%) than females (1%) report carrying weapons.
 - » Reports of weapon carrying range from 2-4% by grade.
 - » 5% of youth were threatened or injured with a weapon in the past 12 months, and 3% were threatened or injured with a weapon on school property.

Trends

- 2006-2018 » After remaining similar from 2006 to 2016 at 4-6%, weapon carrying is slightly lower in 2018 at 3%.
 - » Weapon carrying on school property has been similar at 2-3% since 2006.
 - » Reports of being threatened or injured with a weapon in the past 12 months have been similar at 4-5% since 2014, with prior reports ranging from 5-7%.
 - » In MetroWest, weapon carrying declined slightly in 2018 after remaining steady in prior years.

Key Findings: Bullying and Cyberbullying

Bullying

Patterns

- 2018 » 15% of high school youth have been bullied in the past 12 months, and 11% have been bullied on school property. 6% of students report bullying other students.
 - » More females than males are victims of bullying in general (17% compared to 13%) and on school property (12% compared to 10%).
 - » Reports of bullying at school range from 9-13% by grade.
 - » Among students bullied at school, 29% had talked to a school adult, and 50% had talked to a parent/adult outside of school.
 - » 14% of youth reported being verbally harassed in the past 12 months due to their race, ethnicity or culture, 5% due to their sexual orientation or gender identity, 6% due to a disability, and 22% due to their appearance (height, weight, or how they look).
 - » LGBTQ youth are at elevated risk of bullying at school (18%) compared with heterosexual cisgender youth (10%).
 - » Youth with learning and/or physical disabilities are also more likely to be bullied at school than youth without disabilities (18% vs. 9%).

- 2006-2018 » School bullying victimization declined from a high of 27% in 2008 to 11% in 2018.
 - Trends » Reports of overall bullying victimization follow a similar pattern, lowering from 32% in 2008 to 15% in 2018.
 - » There are substantial decreases in bullying victimization at school among females and males.
 - » Bullying victimization is slightly higher in 2018 in the MetroWest region after decreasing in prior years.

Cyberbullying

Patterns

- 2018 » 15% of youth report being victims of cyberbullying in the past 12 months, and 7% reported cyberbullying someone else.
 - » Females are more likely to be victims of cyberbullying than males (17% vs. 14%).
 - » Cyberbullying victimization is higher in grades 9-10 (16-18%) than in grades 11-12 (13%).
 - » The majority of cyberbullying victims do not seek help from adults: Among students who were cyberbullied in the past 12 months, only 13% had talked to an adult at school and 28% had talked to a parent or other adult outside of school.
 - » Youth with disabilities are at elevated risk of being victimized online compared to youth without disabilities (19% vs. 13%).
 - » Reports of cyberbullying are similar among LGBTQ and heterosexual cisgender youth.

Trends

- 2006-2018 » Cyberbullying increased from 15% in 2006 to 18% in 2010, and is lower in recent surveys, returning to 15% in 2018.
 - » The recent decrease in cyberbullying was driven by a decrease among females, from 21% in 2014 to 17% in 2018. Cyberbullying among males was similar at 13-14% during this time.
 - » Cyberbullying victimization has also decreased in the MetroWest region since 2012.

Key Findings: Mental Health

Stress and Anxiety

2018 » 32% of students report that their life was very stressful in the past 30 days.

- Patterns » Females are much more likely to report this level of stress than males (44% vs. 19%).
 - » Reports of stress increase substantially by grade, from 18% in 9th grade to 51% in 12th grade.
 - » School is the most common source of stress, reported by 66% of youth. This is followed by stress related to social issues (30%).
 - » 33% of students report feeling nervous, anxious, or on edge on at least half the days in the past two weeks, and 23% report feeling unable to stop or control worrying. Reports of anxiety symptoms are over twice as high among females as males and increase during high school.
 - » 33% of youth report feeling tired or having little energy, 23% report sleeping problems, 22% report having trouble concentrating in school, and 18% report eating problems due to feeling stressed, anxious, or worried in the past two weeks.

- 2006-2018 » Reports of life being very stressful are lower in 2018 (32%) compared with 2016 (38%), with prior reports ranging from 25-32%.
 - » The recent decrease in stress from 2016 to 2018 is greater among females than males. However, overall, stress is higher in 2018 compared with 2006 among females, whereas it is lower in 2018 among males.
 - » In MetroWest, stress increased substantially in prior surveys and then levelled in 2018.

Depressive Symptoms, Self-Injury, and Suicidality

- 2018 » 13% of students reported depressive symptoms in the past 12 months.
- Patterns » 9% of youth reported self-injury in the past 12 months.†
 - » 9% of youth said they had seriously considered suicide in the past 12 months, and 2% had made a suicide attempt during this time.
 - » Females are more likely than males to report all of the above mental health problems. For example, 16% of females and 10% of males report depressive symptoms.
 - » Reports of mental health problems vary by grade by are highest in 12th grade.
 - » LGBTQ youth report elevated mental health problems. For example, compared with heterosexual cisgender youth, they are more likely to report depressive symptoms (33% vs. 11%), self-injury (25% vs. 7%), and suicidal ideation (27% vs. 7%).
 - » Youth with disabilities also report more mental health problems than youth without disabilities, including depressive symptoms (24% vs. 11%), self-injury (17% vs. 7%) and considering suicide (16% vs. 7%).
 - » Among students reporting depressive symptoms, 41% talked to a school counselor, therapist, or psychologist at school, 14% talked to a school nurse, and 56% of students talked to a therapist, psychologist, or other mental health professional outside of school.

- 2006-2018 » Reports of mental health problems are slightly lower over the past two surveys.
 - Trends » Specifically, reports of depressive symptoms decreased from 19% in 2014 to 13% in 2018, with prior reports ranging from (14-20%).
 - » Self-injury has been steady at 9% since 2016, which is slightly lower than in earlier years of the MWAHS (11-13%).
 - » Reports of seriously considering suicide have been similar at 9-11% since the MWAHS began, with 2018 reports at 9%.
 - » Similarly, reports of suicide attempts have been steady at 2-3% since 2006.
 - » The recent declines in depressive symptoms and self-injury are driven mostly be a decrease among females
 - » Depressive symptoms are slightly higher in the MetroWest region in 2018, with little change in self-injury and suicidality in recent surveys.

Depressive symptoms are defined as feeling sad or hopeless almost every day for two or more weeks during the past 12 months.

[†] Self-injury is defined as cutting, burning, or bruising oneself on purpose in the past 12 months.

Key Findings: Sexual Behavior

Sexual Intercourse and Condom Use

Patterns

- 2018 » 18% of youth have engaged in sexual intercourse during their lifetime, and 15% are currently sexually active (had intercourse within the past three months).
 - » The proportion of youth who have had intercourse in their lifetime increases from 6% in 9th grade to 38% in 12th grade. 32% of 12th grade youth are currently sexually active.
 - » Among sexually active youth, 60% used a condom the last time they had intercourse.
 - » 29% of youth used alcohol or drugs before they had sexual intercourse the last time (32% of males and 25% of females).

Trends

- 2006-2018 » Reports of lifetime sexual intercourse decreased from 21% in 2006 to 16% in 2016 and were slightly higher in 2018 at 18%.
 - » The proportion of youth who are currently sexual active has ranged from 13-18% since 2006. Current reports (15%) are slightly higher than in 2016 (13%).
 - » Condom use among youth who are currently sexually active has ranged from 60% to 75% over the course of the MWAHS.
 - » MetroWest region data shows a decrease in sexual intercourse in high school.

Key Findings: Physical Activity, Overweight/Obesity, Sleep

Physical Activity

Patterns

- 2018 » 58% of youth report moderate physical activity in the past week,* and 74% of youth report vigorous physical activity.†
 - » Males are more likely than females to report vigorous physical activity (77% compared to 71%) and moderate physical activity (62% compared with 55%).
 - » Reports of moderate physical activity decrease from 67% in 9th grade to 51% in 12th grade.
 - » 10% of youth (11% of females and 9% of males) report no moderate physical activity in the past 7 days.

- 2006-2018 » The proportion of youth reporting moderate exercise increased from 34% in 2006 to 58% in 2018, with increases among both females and males.
 - » This trend in physical activity is consistent with MetroWest regional data.

Moderate physical activity is defined as activity that increases heart rate and makes you breathe hard for ≥60 min on 5+ of the past 7 days.

[†] Vigorous physical activity is defined as exercising for at least 20 minutes that makes you sweat and breathe hard on 3+ of the past 7 days.

Overweight/Obesity

2018 » 15% of youth are overweight or obese.*

- Patterns » Males are more likely than females to be overweight or obese (18% compared with 12%).
 - » Overweight/obesity is similar across grades.

2006-2018 » Overweight/obesity has ranged from 12-17% since 2006.

Trends » In the MetroWest region, overweight/obesity has not changed notably over the seven surveys.

Sleep

- 2018 » Only 27% of youth get 8 or more hours of sleep on an average school night.
- Patterns » More males than females get 8 hours of sleep per night (32% compared to 23%).
 - » Reports of getting 8 or more hours of sleep decrease substantially as students get older, from 38% in 9th grade to 14% in 12th grade.
 - » As noted earlier, 23% of youth (31% of females and 13% of males) report sleep issues related to being stressed, anxious, or worried.
 - » Youth who sleep less than eight hours per night are more likely to report poor mental health, including depressive symptoms (15% vs. 9%) and self-injury (11vs. 5%).

- 2006-2018 » The proportion of youth sleeping 8 or more hours on an average school night has decreased from 31% in 2014 to 27% in 2018. (2014 was the first year that sleep data was collected.)
 - » Both females and males report less sleep.
 - » Youth in the MetroWest region also report getting less sleep in 2018 compared with 2014.

Overweight/obesity is based on self-reported height and weight, which is used to calculate body mass index. Overweight/obesity is defined as being in the 85th percentile or above for body mass index by age and sex, based on reference data.

Key Findings: Online Behavior

Time Spent Online, Social Media Use, and Gaming

- 2018 » 64% of youth spend three or more hours online on the average school day.
- Patterns » 21% spend three or more hours per day on social media, specifically, and 7% spend three or more hours gaming.
 - » Females are more likely than males to spend three or more hours on social media daily (25% vs. 17%), and males are more likely to spend three or more hours gaming (14% vs. 1%).
 - » Youth report both positive and negative attitudes towards social media. On the positive side, social media helps youth feel more connected to peers (63%), provides a source of social support (27%), and helps them find people with common interests and hobbies (53%). On the negative side, social media makes a sizeable minority of students feel badly about themselves or excluded (25%), keeps them from doing important things like homework or family responsibilities (34%), and has hurt relationships with peers (10%).
 - » 45% of all youth feel they spend too much time on social media (53% of females and 36% of males).
 - » Youth who spend three or more hours on social media daily are more likely to report cyberbullying victimization (24% vs. 13%) and perpetration (9% vs. 6%).
 - » Youth who spend more time on social media are more likely to report substance use and mental health problems. For example, high users of social media are more likely to report current alcohol use (39% vs. 26%) and marijuana use (31% vs. 16%). They are also more likely to report depressive symptoms (19% vs. 12%) and seriously considering suicide (13% vs. 8%).

- 2006-2018 » The proportion of youth spending three or more hours online on an average school day has increased substantially from 2010 (35%) to 2018 (64%). (2010 was the first year this data was collected.)
 - » Increases in time spent online are considerable among both females and males.
 - » In the MetroWest region, the proportion of youth spending three or more hours online daily more than doubled from 2010 to 2018.

Key Findings: Protective Factors

School Attachment and Engagement

Patterns

- 2018 » Over two-thirds of youth report being engaged in and connected with their school. This is indicated by agreement with statements such as "I feel close to people at this school" (74%), "I am happy to be at this school" (64%), and "I feel safe in my school" (80%).
 - » While a majority of both males and females report high levels of school attachment, reports are slightly higher among males.
 - » School attachment does not follow a consistent pattern by grade.

- 2006-2018 » School attachment has not changed consistently in recent years.
 - Trends » For example, the proportion of students reporting that they feel happy to be at their school increased from 61% in 2016 to 64% in 2018, but are lower than some prior years (ranging from 63-71%).
 - » Reports of feeling like a part of this school have been steady at 68% since 2014, with prior reports from 70-74%.
 - » There is a decrease in feeling safe at school, from 85% in 2016 to 80% in 2018; these findings may reflect perceptions of physical and/or emotional safety.
 - » Several indicators of school attachment are lower in 2018 in the MetroWest region compared with prior years.

Adult Support

Patterns

- 2018 » 75% of youth have at least one teacher or other adult at school to talk to if they have a problem, and 94% of youth have a parent or other adult outside of school to talk to about things that are important to them.
 - » Adult support at school is similar among females (77%) and males (74%), and increases during the high school years, from 63% in 9th grade to 88% in 12th grade.
 - » Reports of adult support outside of school are similar by sex and grade.

- 2006-2018 » Reports of adult support at school increased from 60% in 2006 to 72% in 2016 and further rose to 75% in 2018.
 - » There have been substantial increases in adult support at school among both females and males.
 - » Adult support outside of school has increased from 89% in 2006 to 94% in 2018.
 - » In the MetroWest region, there has also been an increase in adult support at school since 2006.

Conclusions

Now having completed the 7th administration, the MWAHS is an invaluable tool for guiding schools and communities across the region to take data-driven approaches to improve adolescent health. The 2018 survey data identifies areas of concern while also highlighting important progress that has been made since the survey began more than a decade ago. The 2018 data show that Needham is making important advances in some behavioral health areas, such as alcohol use, cigarette smoking, and violence. While these demand continued attention, the data also highlight other areas of concern, including use of electronic vapor products, marijuana use, and mental health. Continued use of the MWAHS data to identify priorities and drive local decisions will help to address the greatest challenges to adolescent health and lead to safer and healthier communities.

Agenda Item: Action

Approve FY21 Budget Guidelines

Action Recommended:

Upon recommendation of the Superintendent, that the Needham School Committee approves the FY21 budget guidelines as submitted.

Introduction

The Needham School Committee is responsible for establishing budget priorities and subsequently voting a budget that reflects applicable state and federal mandates, as well as the priorities and needs of the Needham Public Schools. Once adopted by the School Committee, the budget must ultimately be approved at the Annual Town Meeting. The purpose of this document is to outline the roles and responsibilities associated with the budget process, to identify a timeline for budget development and to outline assumptions and priorities that will guide the School Committee in its deliberations and interactions with other Town boards during the budget process. The budget for Fiscal Year 2020/21 (FY21) will begin on July 1, 2020.

Budget Roles & Responsibilities

The School Committee, Finance Committee, School department's administrative staff, Town Manager's office, and others have various roles and responsibilities in the budget development process:

- a) The Future School Needs Committee— Assists with identifying criteria for development of enrollment estimates and projections by professional demographer; reviews draft enrollment projections and provides guidance and feedback to demographer.
- b) Town Meeting Town legislative body responsible for approving the annual Town-wide operating budget.
- c) The Town Manager Provides guidelines for developing Town-wide budget requests, develops revenue projections, reviews the budget requests of Town Departments and makes a balanced budget recommendation to the Finance Committee.
- d) The Finance Committee (FinCom) Reviews departmental spending requests, the Town Manager's recommended budget and the School Committee's budget proposal and makes budget recommendations to Town Meeting.
- e) The School Committee (SC) Establishes School Department budget policy and priorities, reviews the Superintendent's initial budget request and presents the School Committee's final budget recommendation to the Town Manager, FinCom and Town Meeting.
- f) The School Department's Central Administration (CA) Utilizes Town Manager's budget guidelines and School Committee priorities to guide budget development; develops the District-wide salary budget; reviews and evaluates building and department-based budget requests; develops the Superintendent's system-wide budget request and develops enrollment projections with the assistance of a professional demographer.
- g) Principals and Directors Generate detailed cost-center budgets for non-salary line items, within budget guidelines.

State and Local Budget Requirements and Applicable Laws

The school budget process is governed by State law, the Town's By-Laws and School Committee policy. Needham's By-Laws require that the Town Manager issue budget guidelines and instructions for all departments to use in preparing their spending requests for the ensuing fiscal year. The Town Manager must consult with the Finance Committee prior to issuing the guidelines and throughout the budget process. The Town Manager and School Superintendent must provide the Finance Committee with copies of their respective departmental spending requests on or before the second Wednesday in December. After receiving these spending requests, the Finance Committee begins its consideration of the budget, including holding budget hearings. After consultation with the Board of Selectmen and School Committee, the Town Manager then presents a balanced budget proposal to the FinCom no later than January 31, which includes the spending priorities of all Town departments, and in addition thereto, the voted School Committee budget, if different from that contained in the balanced budget proposal. The Town Manager's executive budget recommendation is not binding on the Finance Committee. (Town By-Laws, Section 2.2.1) The Commonwealth of Massachusetts further requires that the final, recommended budget be submitted to the Finance Committee not less than 10 days before the end of the calendar year, or not less than 90 days prior to the date of the start of Annual Town Meeting, which ever is later. (MGL Ch 41, s. 59) (In Needham, the Annual Town Meeting is held during the first week in May.) The Finance Committee's recommendation on the operating budget is considered the Main Motion to be acted upon by Town Meeting. The Finance Committee's draft budget is due to the Town Manager by February 22, and a final recommendation for inclusion in the Annual Town Meeting warrant is due by March 15 under Section 1.11.3 of the Town's By-Laws. The budget is adopted by the voters of the Town of Needham at the Annual Town Meeting, prior to June 30. The fiscal year for all towns in the Commonwealth begins on July 1st and ends the following June 30th. (MGL Ch 44, Sect. 56)

The School Committee in each city and town is required to review and approve the budget for public education in the district. (MGL Ch 71 Sect. 37) A public hearing on the proposed school budget is required, and must be advertised at least one week prior in a newspaper of general circulation. A copy of the proposed budget also must be made available to the public at least 48 hours prior to the scheduled public hearing. (MGL Ch 71, Sect. 38N) Additionally, School Committee policy requires the public hearing to be held in January or earlier and to be conducted by a quorum of the School Committee. After a review of the proposed budget, the School Committee shall approve its final budget request for presentation to the Annual Town Meeting on or before January 31, so that the voted budget request may be included in the Town Manager's Budget Recommendation. (School Committee Policy #DB.)

School Committee Policy #DB further specifies that the School Committee shall issue budget guidelines on or before its first meeting in November that articulate the general framework to be used in developing the budget. The guidelines shall be consistent with state law, the Town's By-Laws and the Town Manager's guidelines, and must include a budget calendar, assumptions and priorities for the ensuing fiscal year. Principals and department heads must use these guidelines to develop their budget requests. These departmental requests and a preliminary budget recommendation are to be presented to the School Committee and the Finance Committee on or before the second Wednesday in December. In addition, following approval, the School Committee will send a copy of its proposed budget to all Town Meeting members at least seven days prior to Annual Town Meeting.

The budget is adopted by Town voters at the Annual Town meeting before June 30 for the fiscal year beginning July 1. Subsequent to Town meeting approval, the School Committee votes to adopt the corresponding budget detail budget by category of expenditure for implementation purposes. If the budget adopted by Town Meeting is less than or more than that requested by the School Committee, the budget shall be appropriately adjusted and voted by the School Committee. The Superintendent shall prepare an annual budget document, which represents the completed financial plan for the ensuing fiscal year. (*School Committee Policy #DB*) The adopted budget of the School Department, in combination with the expenditures from other municipal departments on behalf of the School District, shall meet anticipated Chapter 70 Net School Spending Requirements (*School Committee Policy #DB*, *MGL Ch70 s. 6.*)

School Committees may receive grants or gifts for educational purposes, which are held in separate accounts, and, once accepted, may be expended without further appropriation. (MGL Ch 71 Sect. 37A, MGL Ch. 44 s. 53A) The School Committee also may charge fees or receive monies in connection with certain other school activities, the receipts of which also are held separately (in revolving funds) and may be spent without further appropriation. (MGL C44 s53, C44 s53e1/2, C71 s26a, C71 s26c, C71 s47, C71 s71e, C71 s71f, C548 of Acts of 1948)

Guidelines for Budget Requests

There are two levels of funding requests within the School Committee's budget: Level Service budget requests and Program Improvement budget requests.

The **Level Service Budget** assumes the same level of service to the schools from the FY20 budget to the FY21 budget, including the current school programs, staffing levels, class sizes, and services. The base budget includes:

- i. The total FY20 budget appropriation (net of turnover savings);
- ii. Statutory or regulatory mandates;
- iii. Contractual personnel step, longevity and collective bargaining increases (including cost of living);
- iv. Other contractual increases:
- v. Significant inflationary or enrollment increases (inflationary increase in the cost of student supplies, additional teachers needed to maintain student-teacher ratios, etc.) These requests should include:
 - Specific dollar increase by line item; and
 - Purpose of the requested increase; and
- vi. Other items considered necessary and recommended by the Superintendent.

The **Program Improvement Budget** includes both the Level Service Budget, plus additional funds for new or expanded programs of the Needham Public Schools. The Program Improvement Budget is the budget mechanism the School Committee will use to invest in service and program improvements for the Needham Public Schools. The Program Improvement Budget is not a wish list; rather it reflects the need to grow and improve the schools in a way consistent with the mission, values, and goals of the Needham Public Schools and the high expectations of the Needham

community. Program Improvement Budget requests must be listed in order of priority and include:

- i. Specific dollar amount;
- ii. Purpose of request;
- iii. Projected impact of request on service delivery;
- iv. Identification of grants or other outside sources of revenues.
- v. Reflect the district's values and goals.

School Committee Budget Assumptions

The budget is developed with certain assumptions and priorities established by the School Committee. For example, the budget reflects the assumption that the School District will meet all federal, state, and local mandated programs and requirements.

Thus, the budget should include sufficient resources and funding to meet contractual obligations and mandated programs. These mandated programs include, but are not limited to:

(a) Education Reform Act

- a. The Education Reform Act of 1993 (MERA, St. 1993, c. 71) required the state to develop academic standards in core subjects, setting forth the "skills, competencies and knowledge" to be possessed by all students, with high expectations for student performance, otherwise known as the 'curriculum frameworks.' To help districts meet these standards, the Act also established a school finance system designed to make available an adequate level of resources to each school district, irrespective of each community's fiscal capacity.
- b. "Common Core" competency standards have been developed state-wide for ELA/Literacy (2017), Mathematics (2017), Science and Technology/Engineering (2016), Digital Literacy and Computer Science (2016) and History and Social Science (2018.)
- c. In implementing the Common Core requirements, Needham will:
 - i. Provide MCAS support and continue to close the achievement gap for minority, English Language Learners, economically challenged, and special education students, as well as for the group of lowest performing students.
 - ii. Comply with state financial, pupil and student reporting requirements, including providing the financial resources need to meet minimum state per student funding requirements under M.G.L. Ch. 70.
 - iii. Implement MCAS 2.0, the next generation of student assessments that improved upon the existing tests in ELA and Math to better measure the critical skills students need for success in the 21st Century. Changes in the content and format of the assessments have been made in ELA and Math for Grades 3-8 and 10, and reflect a curriculum that is aligned to the MA Common Core.
 - 1. The new format of the Next Generation MCAS includes assessments in ELA and Math that must be administered online in Grades 3-8 and Grade 10. It also includes Science in Grades 5 and 8, as well as Biology and Introductory Physics tests for students in the Class of 2023. It is essential that the technology infrastructure is in place, sufficient up-to-date computers are available, and adequate staffing is available to support and administer the new assessments.
 - 2. Ensure that the existing science curriculum is fully aligned to the new 2016 Massachusetts Science and Technology/Engineering Standards K-12.

(b) Massachusetts School and District Accountability System

a. On December 10, 2015, President Obama signed the Every Student Succeeds Act

- (ESSA) into law, reauthorizing the federal Elementary and Secondary Education Act of 1965 (ESEA) and replacing the most recent reauthorization of ESEA, the No Child Left Behind Act of 2001 (NCLB). With a few exceptions, ESSA took effect at the beginning of the 2017-18 school year. The law includes provisions to help ensure improved outcomes for all students receiving an elementary and secondary education.
- b. Meet Massachusetts Department of Elementary and Secondary Education regulations related to accountability and assistance for school districts and schools. 603 CMR 30 established the Massachusetts Comprehensive Assessment System (MCAS) and standards for competency determination. 603 CMR 2 holds districts accountable for the educational services they provide: it governs the overview of public school programs and the assistance provided to districts to improve them; identifies the circumstances under which a school may be declared underperforming.
- c. While the Massachusetts School and District Accountability System (2012) currently meets most of the ESSA requirements, some modifications will be required. Indicators used to determine accountability ratings for Grades 3-8 will continue to be academic achievement and academic progress for all students as a whole, and for all previously determined subgroups. Starting in 2018, the indicators also included: progress made by students in attaining English language proficiency (percentage of students meeting annual targets required in order to attain English proficiency in six years), and chronic absenteeism (percentage of students missing 10% or more of the school year.) For high schools, in addition to all of the above, accountability indicators include: four-year cohort graduation rate, extended engagement rate (five-year cohort graduation rate), annual dropout rate, and percentage of 11th & 12th graders completing advanced coursework. A new indicator introduced in 2018 at all grade levels in the ELA and Math assessments was the performance of the lowest performing 25% of the students in each school and the district as a whole.
- d. The goal of reducing proficiency gaps is a cornerstone of the Massachusetts School and District Accountability System and will continue. All districts, schools, and subgroups will be expected to make progress toward reducing the proficiency gap in ELA and Math. Based on 2017 and 2018 test results, initial gap setting targets will be set for 2019. Targets continue to be reviewed and established as additional longitudinal data becomes available.

(c) Student Learning Time

a. Meet Massachusetts Department of Elementary and Secondary Education (DESE) regulations, which establish the minimum length for a school day and the minimum number of days in a school year for Massachusetts public schools (603 CMR 27.)

(d) Non-Discrimination

a. Meet DESE regulations around non-discrimination against students, which ensure that public schools do not discriminate against students on the basis of race, color, sex, homeless status, gender identity, religion, national origin, sexual orientation, or disability, and ensure that all students have 'equal rights of access to the opportunities, privileges, advantages, and courses of study (603 CMR 26.)

(e) Chapter 766: Special Education (Sp.Ed.)

- a. Meet the federal requirement under the *Individuals with Disabilities Education Act* (*IDEA*) and state statutes under (M.G.L. c71B) to provide a free and appropriate public education to students with disabilities in the least restrictive environment. (34 CFR s300.24(b)(15.)) This often means creating programs to retain students 'indistrict,' whenever possible;
 - i. Priority is given, whenever possible, to providing in-district special education programs to students;
 - ii. Where out-of district programming is required,
 - 1. Provide for special education out-of-district tuition costs;
 - 2. Provide for special education transportation; and
 - 3. Implement and maintain systems for complying with monitoring, procedural review and paperwork requirements.
 - iii. Developing in-district programs for special education will include a cost benefit analysis.
- b. Meet DESE regulations related to special education (603 CMR 28, amended March 27, 2018, with recent amendments July 1, 2018.)
- c. Meet DESE regulations related to program and safety standards for approved public or private day and residential special education school programs (603 CMR 18, effective July 2, 2016.)

(f) Student Discipline

a. Meet DESE regulations (603 CMR 53) related to student discipline, including the requirement to provide every student who is expelled or suspended with the opportunity to receive education services to make academic progress during the period of suspension or expulsion.

(g) English Language Learners (ELL)

- a. Meet the federal (Title VI, Civil Rights Act) and state (M.G.L. c71A) bilingual statutes that require districts to provide limited English Proficient (LEP) students with support services until they are proficient enough to participate meaningfully in the regular educational program. The DESE has developed regulations pertaining to the education of English learners under 603 CMR 14. These requirements:
 - i. Provide academic support and English language instruction for all LEP students;
 - ii. Implement, coordinate and maintain systems for student identification, assessment, support and student data reporting; and
 - iii. Provide training in sheltered English immersion practices to teachers with LEP students in their classrooms.
- b. Recently, Massachusetts implemented the Rethinking Equity and Teaching for English Language Learners (RETELL) initiative. This initiative implemented Massachusetts Department of Elementary and Secondary Education regulations (603 CMR 14.07 and 603 CMR 7.15 (9)(b)), related to teacher and supervising administrators of English Language Learners. Both teachers and administrators are required to hold the Sheltered English Endorsement (SEI.)

(h) Section 504 and Americans with Disabilities Act (34 CFR s104.37)

a. Meet the federal requirement to provide reasonable accommodations so that all people (students, faculty and community) can participate in activities in our schools, regardless of disability. These accommodations can include building modifications, specialized equipment, instructional or testing changes, or care from a nurse or other staff member.

(i) McKinney Vento Homeless Education Act (as amended by the *Every Student Succeeds Act* (ESSA) of 2015

a. This law allows homeless students to continue their education in their schools of origin (the school in which they were enrolled at the time of homelessness) for the remainder of the academic year in which they become permanently housed. Districts must provide transportation to students for the duration of their homelessness and through June of the year they become permanently housed.

(j) Prevention of Physical Restraint

a. Meet DESE regulations (603 CMR 46.00,) effective January 2, 2016, which require that physical restraint of students be used only in emergency situations of last resort, after other lawful and less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. This regulation also requires the development and implementation of a written policy, staff training, student data review and reporting.

(k) Bullying Prevention

a. Meet Massachusetts requirements related to bullying prevention and intervention. (Chapter 86 of the Acts of 2014, which amended M.G.L. Ch. 71 s370, the 'antibullying statute.') This law requires each school district to develop and implement a plan to address bullying prevention and intervention. The DESE has developed regulations under 603 CMR 49.00 addressing a principal's duties under on of the ten required elements of the prevention and intervention plan, namely notification to parents or guardians of the target and the aggressor of bullying or retaliation and the action taken to prevent further bullying, and notification to law enforcement that the aggressor's conduct may result in criminal charges.

(1) Student Discipline

a. Meet Massachusetts requirements related to student discipline (603 CMR 53, effective July 1, 2014.) These regulations limit the use of long-term suspension as a consequence for student misconduct, promote the engagement of parents in the discussion of student misconduct, assure that expelled or suspended students have an opportunity to receive the services and make academic progress, and keep school safe and supportive for students while ensuring fair and effective disciplinary practices.

(m) Educator Licensure & Evaluation

- a. Promote the growth and development of District administrators and teachers, using multiple measures of student learning.
- b. Meet state law (MGL Ch. 71 s.38G) and DESE regulations (603 CMR 35) related to

educator evaluation.

- c. Meet Massachusetts Department of Elementary and Secondary Education regulations (603 CMR 44) related to educator license renewal.
- d. Meet Massachusetts Department of Elementary and Secondary Education regulations (603 CMR 7) related to educator licensure and preparation programs, approved on June 27, 2017, with recent amendments effective July 28, 2017.

(n) Criminal History Checks

a. Meet DESE regulations (603 CMR 51) related to both national and state criminal history checks for school employees.

(o) Education Personnel Information Management System (EPIMS)

- a. Meet DESE requirements collect individual educator data, from all public school districts and charter schools. The data collected is linked with the licensure data, which the Department currently maintains in ELAR, the Educator Licensure and Recruitment database. This information is used to comply with state and federal requirements, and to perform analysis on the state's educator workforce that, over time, will identify high need areas, evaluate current educational practices and programs, and assist districts with their recruiting efforts.
- b. The DESE has developed the Educational Personnel Information Management System (EPIMS), a state-wide database that collects demographic data and work assignment information on individual public school educators.

(p) Massachusetts Equal Pay Act (MEPA)

a. Meet Massachusetts requirements related to preventing gender-based wage discrimination, as established by *An Act to Establish Pay Equity* (M.G.L. Ch. 177 of the Acts of 2016,) which became effective July 1, 2018. This law requires Massachusetts employers to ensure that all employees are paid a salary or wage that is no less than rates paid to employees of a different gender for comparable work.

(q) Educational Finance

a. Meet Massachusetts regulations under 603 CMR 10, pertaining to school and school district financial record keeping and reporting of information used to determine compliance with state and federal education statutes and regulations. These regulations also provide for the computation of school spending requirements and annual state aid allocations, and evaluate progress toward meeting the objectives of the Education Reform Act of 1993 (St. 1993, C.71.)

School Committee Priorities

The School Committee budget should reflect certain priorities that address the needs of the Needham Public Schools. These priorities should provide direction to administrators and guide staff in developing budget recommendations. The priorities also should guide the School Committee in its deliberations and the budget planning process.

The budget should reflect the following priorities, in relative order. The School Committee may

sometimes choose to fund items addressing the lower priorities over items that may claim a higher priority. While not done lightly, such choices must sometimes be made to ensure that no priority is neglected.

- The District's mission, vision, goals and objectives;
- The need for highly qualified staff teaching within established student/teacher ratio guidelines;
- The ongoing refinement of curriculum, instruction, and assessment practices;
- The need to develop and maintain educational resources and a technology infrastructure that supports student learning and meets District goals; and
- The need to ensure that fee-based extracurricular programs reflect School Committee budget guidelines and that student fees are set to recover the cost of providing associated services, without restricting student participation or becoming unaffordable for families.
- (a) The District's mission, vision, supporting assumptions, core values, goals and objectives are:
 - a. Mission Statement: A school and community partnership that creates excited learners, inspires excellence, and fosters integrity.
 - b. Vision Statement: Preparing *ALL* Needham Public School students to be creative thinkers and problem solvers, communicators and collaborators, socially and culturally responsive contributors, responsible and resilient individuals, and empowered leaners.
 - c. Goals and Objectives: Approved Portrait of a Needham Graduate FY20 Action Plan (Approved July 19, 2019)
 - i. Priority I: All students are drivers of their own learning.
 - 1. Objectives:
 - a. Objective A: Incorporate opportunities for student choice, independent learning, and personalized pathways.
 - b. Objective B: Provide structures and experiences that enable student efficacy, leadership, and voice.
 - c. Objective C: Teach students the content and skills necessary for them to grow personally and academically.
 - 2. FY20 Action Steps:
 - a. Develop a common understanding of student-centered learning & assess current practices.
 - b. Launch Full-Day Kindergarten and document fit with Portrait competencies.
 - c. Assess and expand existing structures/experiences for student efficacy, leadership, and voice.
 - d. Continue to align the Science and Social Studies curriculum and student-centered instruction to state standards.
 - e. Introduce Portrait to all students in developmentally appropriate ways.
 - f. Report the results of student self-assessment on Portrait competencies.

ii. Priority II: All students experience integrative teaching and learning.

1. Objectives:

- a. Objective A: Extend interdisciplinary teaching and learning PreK-12.
- b. Objective B: Embed Portrait competencies, Technology, Inclusive Practices, SEL, and Equity into all curricula and instructional practices.
- c. Objective C: Provide opportunities for students to demonstrate knowledge and skills through multiple means of expression.

2. FY20 Action Steps:

- a. Develop a common understanding of interdisciplinary teaching and learning and assess current practices.
- b. Support existing interdisciplinary teaching and highlight best practices.
- c. Align and synthesize the District's multiple plans, initiatives, and assessments. (Technology strategic plan, DCAP, SEL, Equity Plan, multiple assessment methods, Portrait.)
- d. Develop a framework for integrative teaching & learning.

iii. Priority III: All students learn and grow within adaptable environments.

1. Objectives:

- a. Objective A: Support and design classroom models and environments that foster collaboration & innovation.
- b. Objective B: Provide time, schedules, and spaces that promote learning objectives.
- c. Objective C: Complement instruction with accessible learning beyond the classroom, within the community, and in partnership with families.

2. FY20 Action Steps:

- a. Plan for the expansion of classroom models and environments for collaboration, innovation, cross-grade & multi-age learning experiences (e.g., Buddy Classes.)
- b. Develop plans for alternative scheduling.
- c. Plan and prepare to adapt existing spaces within the classrooms and schools to meet students' needs (e.g. creative seating, standing desks).
- d. Evaluate learning opportunities beyond the classroom for accessibility and Portrait alignment.
- e. Partner with community members and businesses to plan for learning opportunities beyond the classroom (e.g. internships).
- f. Provide Family education on Portrait and preparing all students for their future.

iv. Priority IV: <u>Infrastructure supports the needs of all students.</u>

1. Objectives:

a. Objective A: Provide staffing, facilities, and budget resources

- aligned to district priorities.
- b. Objective B: Implement recruitment, retention, and development process for staff growth and diversity.
- c. Objective C: Establish a professional learning structure supporting equity and the Portrait vision.
- 2. FY20 Action Steps:
 - a. Prepare FY21 District Budget supporting equity and Portrait vision.
 - b. Assess the potential impact of Portrait plans on the District's future organizational structure, staffing, facilities, business operations and systems, transportation, and nutrition services.
 - c. Formalize Human Resources plans and structures for the recruitment and retention of diverse and qualified staff.
 - d. Assess the District's current Professional Learning and plan for a cohesive program (e.g. Portrait of A Needham Educator).
- (b) The need for highly qualified staff teaching within established student/teacher ratio guidelines.
 - a. Provide competitive wages for teachers and administrators by funding collective bargaining agreements and contractual obligations. The Units A and B contracts for FY 2019/20 - 2021/22 are under negotiation. Contracts for Units C, D and E will be negotiated for FY 2020/21 - 2022/23 during the FY 2019/20 School Year.
 - b. Develop and retain "highly qualified" teaching staff through professional development and licensing; and maintain student/teacher ratios at within established guidelines:
 - i. Class sizes should be within the guidelines set forth in SC Policy #IHB. These guidelines specify class sizes of 18-22 in Grades K-3, 20-24 in Grades 4-5, and 'reasonable class size' in Grades 6-12. These guidelines are recommendations, however, rather than absolute limits requiring strict, literal adherence.
 - ii. Student/Teacher ratios should be set to optimize the instructional benefit to students, within the constraints of Policy #IHB, fiscal considerations and information from Needham's comparison communities.
 - iii. For FY20, the following new personnel and classroom costs should be assumed:

Level	Position	Days	Hrs/Day	Hours	Rate	FTE	Salary	Gr/St

- iv. The FY21 base salary budget resets FTE's to the FY20 Annual Town-Meeting appropriation.
- (c) The ongoing refinement of curriculum, instruction, and assessment practices. High priority is given to the elements that insure the continuance, renewal, revision, delivery and management of curriculum and instruction. These include:
 - a. Professional development for teachers and administrators;
 - b. Regular curriculum review, revision and development;

- c. Implementation of new programs to increase student achievement, growth and development;
- d. Developing innovative instructional programs that support and extend learning beyond the classroom:
- e. Purchase and replacement of paper and/or electronic textbooks, consumable material and curriculum-related resources, management and assessment tools, supplies and materials
- (d) The need to develop and maintain educational resources and a technology infrastructure that supports student learning and meets District goals:
 - a. Teacher and Administrative Supplies
 - i. Provide for the acquisition and replacement of instructional and administrative technology, software, online services, supplies and other equipment;
 - ii. Provide for student and classroom supplies;
 - iii. Provide for office administrative and teacher supplies; and
 - iv. Provide for maintenance, licensing, online services and contractual agreements.
 - b. Equipment/ Capital Outlay
 - i. Provide for the regular replacement of copiers, and other instructional equipment, optimally within the capital budget;
 - ii. Provide for administrative, financial and personnel systems, computers, interactive whiteboards, projectors and other administrative and instructional equipment consistent with the Technology Plan and efficient school operations;
 - iii. Provide school buildings and physical and technology infrastructure that adequately support the educational program and promote student safety; and
 - iv. Plan proactively for future technology needs and the evolving impact of technology on the school budget.
 - c. Administrative Support Staff
 - Provide a sufficient number of trained and competent instructional and technical support staff to support the work of teachers and administrators throughout the District.
- (e) The need to ensure that fee-based extracurricular programs reflect School Committee budget guidelines and that student fees are set to recover the cost of providing associated services,

without restricting student participation or becoming unaffordable for families.

- a. Set student fees to recover the cost of providing associated services, unless the fiscal impact on families is determined to be excessively burdensome or has the potential to limit student participation. If the latter, the School Committee may subsidize the program budget from other operational resources.
- b. Develop and approve annual operating budgets for fee-based programs, according to the same general guidelines as used to develop the regular School Operating budget.
- c. Authorize student fees and fee-based program budgets annually by vote of the School Committee.

NEEDHAM SCHOOL COMMITTEE

Agenda Item #:	Date: September 17, 2019			
Item Title:	Disposal of Surplus: Mitchell Elementary School, Newman Elementary School			
Item Description:	This request is to dispose of the following equipment which are either obsolete, non-functioning, or the repair cost exceeds the value of the equipment.			
	From Mitchell Elementary School			
	From Newman Elementary School 11 Old Technology Tables 10 Old Overhead Projector 20 Old Trapezoid Tables 11 Television 50 Old Large Rectangular Tables 11 Old Half Circle Table 11 Old Drying Rack 11 Old Red Carpet 11 Old Teacher Desk 11 Old Listening Center Cubbie 14 Old Divider Panels 15 Old Office Chairs			
Issues:	Chapter 30B Section 16 of the Massachusetts General Laws permits a governmental body to dispose of a tangible supply no longer useful to the governmental body, but having a resale or salvage value, at less than the fair market value to a charitable organization that has received a tax exemption from the United States by reason of its charitable nature. Chapter 30B Section 15 and Needham School Policy #DN, further authorize the disposal of surplus school property, other than real estate, having a net value of less than \$10,000 through the exercise of sound business practices by the Procurement Officer.			
Recommendation/Options:	That the Needham School Committee be informed of the disposal to the Town Transfer Station of the aforementioned surplus equipment in accordance with MGL 30B Section 15 & 16 by the Procurement Officer.			
Implementation Implications: Supporting Data:	None.
