## Item Title: Approve Allocation of 2020/21 Student Activity Interest Income & Allocation of Undesignated Balances

**Description:** The student activity accounts are expected to earn a small amount interest income during the 2020/21 school year. In addition, schools may have other undesignated earnings. Although the exact amount of these earnings will not be known until the reconciliations are completed this summer, Principals were asked to make a recommendation about how this income should be allocated. Based on the recommendation of the school principals, interest income and undesignated earnings should be allocated as follows:

| SCHOOL      | FISCAL<br>YEAR | ALLOCATE TO                            |  |  |

| POLLARD     | FY21           | CLASS OF 2026                          |  |  |
| HIGH SCHOOL | FY21           | STUDENT COUNCIL                        |  |  |

At this time, the School Committee is requested to approve the allocation plan shown above.

Issues: School Committee Policy #IGDG/DIB specifies that interest income and undesignated earnings of the Student Activity Account will be retained by the fund and will be periodically allocated by the School Committee to purposes as recommended by the school principals. Year-end fund balances will be maintained with the class/club. Upon graduation, the class balance will be distributed according to the class vote. If there is no such vote, the School Committee shall approve the disposition of any residual balances, upon recommendation of the school principal.

**Recommendation/Options:** Approval of the aforementioned plan to allocate 2020/21 interest income and undesignated income, if any.

| Item Title:       | Close Scholarships & Reallocate or Return Funds   |  |  |  |
| Item Description: | A portion of this request is to close several discontinued, Town-held<br>scholarships at NHS. These scholarships have become inactive due to a<br>low dollar balance and the donor's disinterest in fundraising to support<br>future awards. In each case, the donor has asked that the residual balance<br>be gifted to another scholarship of the Principal's choosing, or returned to<br>the donor. The NHS Principal recommends that the School Committee vote<br>to close the following scholarships, and to disburse the residual balance per<br>below: |  |  |  |
|                   | <ul> <li>Joan W Schwartz, balance of \$94.26 transferred to the Peter J. Eloranta Scholarship</li> <li>NHS Class of 1979, balance of \$56.89 transferred to the Peter J. Eloranta Scholarship</li> <li>Kids are Great in Memory of Leo F. Richards, balance of \$7.99 transferred to the Peter J. Eloranta Scholarship</li> <li>Linda J. Barnes Memorial Scholarship, balance of \$297.19 returned to donor (per donor request.)</li> </ul>   |  |  |  |
|                   | In addition, the following <u>active</u> scholarships at NHS were previously held<br>by the Town of Needham, but are now privately managed and awarded by<br>the family. The NHS Principal recommends that the School Committee<br>approve the return of the residual balances held in the Town's accounts to<br>the donors (and the subsequent closure of the Town accounts), so that the<br>funds may be added to future year student awards:   |  |  |  |
|                   | <ul> <li>Kyle Shapiro Memorial Scholarship, balance of \$7.94 returned to donor</li> <li>Igor Guralnik and Keith McLean Memorial Scholarship, balance of \$23.29 returned to donor</li> </ul>   |  |  |  |
|                   | Please note that the aforementioned residual balances are estimated as of June 30, 2021 and may not reflect all interest income earned during FY21. This recommendation is to disburse the actual balance remaining, if different from the amount above.  |  |  |  |

#### I. <u>PURPOSE AND SCOPE</u>

The purpose of this policy is to establish parameters governing the use of purchasing cards by Needham Public School employees.

This is a new fiscal policy to establish a policy governing the use of P-Cards in the Needham Public Schools.

The Needham Public School's Purchasing Card (P-Card) program is intended to promote purchasing efficiency and flexibility by permitting the purchase of goods when a vendor does not accept purchase orders. It also is intended to relieve employees of the financial burden of paying for work-related expenses themselves and subsequently seeking reimbursement. The P-Card program is intended to complement, but not replace the use of purchase orders.

#### II. <u>APPLICABILITY</u>

This policy applies to all Needham Public Schools employees and elected officials (collectively referred to herein as "employees").

#### III. <u>DEFINITIONS</u>

- <u>Purchasing Card (P-Card)</u>: A credit card that is issued to designated employees to facilitate the purchase and prompt delivery of goods or services when a Purchase Order cannot be used.
- <u>Program Administrator</u>: The School Purchasing Officer, or his/her designee(s), who shall manage the P-Card Program on behalf of the Needham Public Schools.
- <u>Purchasing Card Vendor</u>: A third party entity, typically a bank, which provides Purchasing Card services to the Needham Public Schools.

• <u>Cardholder</u>: A Needham Public School employee designated by the Superintendent, who is granted the privilege of using a Purchasing Card for the purpose of conducting official Needham Public School business.

#### IV. POLICY

It is the policy of the Needham Public Schools to issue Purchasing Cards to designated employees for legitimate Needham Public School business purpose only. A school business purpose is defined as one that is necessary, reasonable, and appropriate to support or advance the goals and objectives of the Needham Public Schools. In addition, an expenditure with legitimate school business purpose is also understood to:

- Have a proper public purpose;
- Be definite and ascertainable;
- Be consistent with statutory intent;
- Be incurred within the current fiscal year, unless a specific statutory exemption applies; and
- Be consistent with appropriation, or in the case of special revenue funds, the available cash balance.

The following expenditure types are strictly prohibited:

- An expenditure for charitable, religious, or private purposes. (P-Cards may not be used for personal purchases, even with the intention of reimbursing the Town.)
- Using the card to obtain cash, in the form of cash back, cash refunds, cash advances, traveler's checks, money orders, wire transfers, or other types of cash transactions.
- The purchase of alcoholic beverages or tobacco products.
- Fraudulent, excessive and/or unlawful purchases.
- Lottery tickets, scratch cards or other games of chance.
- Gift cards and gift certificates.
- Entertainment.
- Merchandise credit.

- Rental cars.
- Mileage, gas, or tolls (as these are best addressed through reimbursement).

Purchasing Cards are not intended to circumvent Needham Public Schools purchasing procedures, nor to pay for expenses that are generally managed through the financial application via the use of a purchase order. Generally, purchasing cards should be used when a company does not accept a purchase order. Typical P-Card transactions include travel expenses, or expenses incurred while engaged in job-related activities for which a vendor will not accept another form of payment. In limited instances, the P-Card may be used for pay for student activity travel expenditures. The Program Administrator, at his or her discretion, may authorize the additional use of the card for extenuating circumstances.

P-card purchases shall be made in accordance with established purchasing laws, rules, policies, and expenditures for proper public purposes, including, but not limited to the following Needham School Committee policies: DJ (Purchasing), DJE (Bidding Procedures), DK (Payment Procedures), and DKCA (Expense Reimbursement – Conference & Meetings.) P-card purchases also must comply with M.G.L. c.30B (the Uniform Purchasing Act).

The School Committee is solely empowered to establish the maximum credit limit(s) for employee P-Cards. To ensure compliance with M.G.L. c.30B, the maximum credit limit per card is set at the total value of the P-Card purchase order, or \$9,999, whichever is less.

The Superintendent has sole responsibility for authorizing the issuance of a Purchasing Card to a Needham Public School employee. The Superintendent may not authorize a P-Card to be issued to a non-employee, a student, or a parent.

The Program Administrator is responsible for administering the P-Card program. This includes: Maintaining the file of all Cardholder Agreements; Issuing P-Cards authorized by the Superintendent; Managing access to the Purchasing Card Vendor's website; Reviewing and approving the Purchasing Card transactions of school employees; Authorizing card use consistent with School Committee policy; Ensuring that payment to the Purchasing Card vendor is processed within the Purchasing Card vendor's established time frames; Following

Budgetary projections have been completed for all school operating accounts, including salaries, special education (SpEd) out-of-district tuitions, SpEd professional services, transportation and legal expenses. The following expenditure projections are intended to supplement the regular FY21 Preliminary QIV Financial Report, dated July 9, 2021, which reported on transaction activity through June 30, 2021. Although FY 2020/21 closed at the end of June, several transactions have yet to be posted to the FY21 school accounts, including the liquidation of payroll encumbrances, the operating subsidy for nutrition services (\$600,000) and several adjusting journal entries.

Based on the aforementioned projections, the School Department anticipates a June 30, 2021 ending budget balance of approximately \$3.5 million. As noted on previous projection reports, this surplus balance is much higher than typically seen and is the result of two factors: higher-than-normal COVID-related salary budget savings and a large amount of unused operational reserves in the supply and service accounts. The salary lapse reflects savings from positions intentionally held vacant to meet remote/hybrid needs (or which were difficult to fill due to the Pandemic), as well unused funds from positions that were not utilized during Remote Learning, such as teacher substitutes and coaching/co-curricular stipends. The non-salary savings reflect the mixed blessing of receiving approximately \$3.5 million in COVID relief grants this year, and the challenge of operating in an environment of imperfect information. At the start of the school year, little was known about whether, or

if, the School Department would receive outside funding to meet its extraordinary needs. To mitigate risk, the District acted prudently to create operational reserves by carrying forward special education Circuit Breaker funds from FY20 and by holding back 42.5% of its supply and service budget. These early actions generated \$3.29 million in funding for COVID-related needs. During the year, however, Needham received an additional \$3.54 million in federal, state and local relief grants, the vast majority of which were unanticipated and received after January, 2021 (with several received as recently as March, 2021.) Since the additional grant resources have been sufficient to cover most of the School Department's COVID needs, very little of the \$3.29 million operational reserves have been used to date. The balance of these reserves - \$2.3 million – remain unspent in the non-salary accounts and are reflected in the chart above.

The School Department proposes to carry forward \$2.5 million of its projected ending fund balance to FY22 to meet unbudgeted needs arising from the COVID-19 Pandemic and student service requirements. (These resources will be carried forward in the form of unspent Circuit Breaker reserves, as well as prepaid tuition expenses.)

A priority for spending will be to provide learning interventions for students over the summer and next school year. During the summer, these interventions will take the form of a summer Bridges Program at the elementary level and tutoring at the secondary level. During the school year, additional math and literacy coaches will be hired K-8 and an additional teacher is planned for the NHS Personalized Learning Center. Finally, more teachers will be hired to reduce class size and expand special area offerings, in order to provide greater consistency of instruction for students and expanded opportunities to address post-COVID learner variability. A total of 17.29 FTE staff are contemplated to be hired on a temporary basis in FY22 to provide these learning interventions.

Other priority expenditure areas include:

- Providing funds to meet student support service needs, including hiring 9.0 FTE special education teachers and teaching assistants and 1.9 FTE nursing staff, and providing a \$500,000 contingency reserve for out-of-district tuition expenditures.
- Providing additional funds to continue COVID testing and for students, in the event a vaccine is not widely available at the younger grades.
- Providing operational subsidies to the Transportation, Preschool, Graphic Arts and Theater programs, which might continue to experience revenue deficits due to reduced participation.

The chart below outlines a preliminary plan for how resources might be used next fiscal year to address some of these unbudgeted needs. These resources include the funds proposed to be carried forward from FY21, as well as budget savings from another (smaller) holdback of school supply budgets and the receipt of additional grant funds, including President Biden's American Rescue Plan ARP/ ESSER III grant and a summer school expansion grant.

Chairman Longo Carter recognized Ruby Ellerin of 401 High Rock Street.

Ruby stated that she is a sophomore at Needham High School. She referred to a bill that would require Massachusetts schools to offer free menstrual products to students in grades six through twelve. She explained why this bill is important to her. She stated that it is necessary and equitable to have available menstrual products in school bathrooms.

Chairman Longo Carter recognized Melissa Bello.

Ms. Bello stated that earlier this month the quarantine policy for students was updated to reflect the Massachusetts Department of Public Health Policy. She stated that despite the policy being updated on the Needham Public Schools website it has not been communicated to all parents in writing and is causing confusion for families when their child is identified as a close contact. Ms. Bello stated that families are notified by email by the Needham Public Health Nurse that their child has been identified as a close contact. She stated that the email is vague and not clear on when a child can return to school. She stated that before this email families received a detailed email that included a timeline with specific dates on when a child could return to school. She stated that parents are left feeling confused about what the policy is and when their children are welcomed back to school. Ms. Bello asked that the school department communicate quickly to parents and provide clear and transparent information to all Needham families so that all families are on the same page.

Chairman Longo Carter recognized Julie Reich of 57 Hemlock Street.

Ms. Reich stated that she is a resident of Needham for nineteen years and her children have attended Needham Public Schools. She stated that she is here to recommend that the School Committee revise its School Calendar starting in the fall from Columbus Day to Indigenous Peoples Day. She spoke about what was taught in elementary school about Christopher Columbus. She stated that there has been a long effort to change the name of the holiday and here in Massachusetts there is a group that is trying to make a change stated wide. She stated that the movement behind Indigenous Peoples Day began in 1977. She stated that here in Massachusetts more than a dozen school districts have changed the name. She stated that changing the name would be in keeping with the Needham Public Schools Racial Literacy curriculum.

Chairman Longo Carter recognized Mr. and Mrs. Silverstein.

Mrs. Silverstein stated that as the parent of a ninth-grader at Needham High School she is concerned about the mental health of students. She stated that it is imperative that the high school open by mid-April. Mr. Silverstein stated that generally speaking high school students are not vulnerable to this.

Chairman Longo Carter recognized Courtney Olsen of 147 Thornton Road.

Ms. Olsen stated that with the K-5 students returning to full in-person learning on April  $5^{th}$  it is imperative that any prior class size cap be lifted.

Chairman Longo Carter recognized Paula Pearson.

Ms. Pearson expressed that it is important that high school students return to school as soon as possible.

Chairman Longo Carter recognized Katy Dirks.

Ms. Dirks stated that she is a Mental Health Counselor and works with a lot of young adults. She expressed her concerns about mental health of young adults and the number of young adults in need of mental health services. #### DISCUSSION ITEM

#### Draft 2021-2022 School Calendar/Students Presenting Calendar Proposal

Dr. Gutekanst introduced this item. He stated that Needham Public Schools students Fernanda Pinto and Nicholas Tuchin will present a proposal to rename the second Monday in October holiday. He also stated that the School Committee will discuss the draft 2021-2022 calendar and approve the calendar at the April 27th meeting. Dr. Gutekanst welcomed Fernanda and Nicholas and invited them to present their proposal.

Fernanda read aloud their proposal suggesting that the school district change the Monday holiday in October from Columbus Day to Indigenous Peoples Day. Fernanda also read the additional concluding statement: "As a community that is dedicated to educating our youth, and consistent with the commitments in the Portrait of a Needham Graduate, we believe changing Columbus Day to Indigenous Peoples Day is a way to acknowledge our nation's cultural heritage. She stated that it is important that we continue to talk about and educate students about the role Christopher Columbus played in the 15th Century, just not in a way that glorifies him and erases Indigenous history. We want to contribute to our already amazing community and follow the steps of other towns that have made the change in their calendars - communities like Brookline, Cambridge, Northampton, and Newton, to name a few. We believe that by renaming this holiday, we would be creating more welcoming and inclusive schools that acknowledge the painful past and hopeful future of a diverse and amazing nation and community like ours." The entire proposal is available online in this School Committee Packet at. www.needham.k12.ma.us. Discussion followed.

School Committee members commended the students for their work, their research, and their forethought to survey stakeholders. Fernanda and Nick shared their reflection on why this issue is important to them.

Dr. Gutekanst continued this discussion item and reviewed the draft 2021-2022 calendar. He pointed out key days in the proposed school calendar. He stated that the structure and the outline of the proposed calendar have not changed. He stated that the first day of classes will be Wednesday, September 1, and there will be no school on Monday, September 6, which is Labor Day, and Tuesday, September 7, which is Rosh Hashanah. He stated that the last day of school would be Friday, June 17. He added that in the event there are snow days, any snow day would push the last day to Tuesday, June 21 because Monday, June 20, the new state holiday, Juneteenth will be observed. Dr. Gutekanst stated that early release days would be on Wednesdays.

Dr. Gutekanst stated that he would like to propose a Cultural Calendar for School Committee consideration. He stated that the Cultural Calendar would list for the year the many different cultural holidays that Needham families participate in and observe. He added that it would be

#### Take Action on the Superintendents Contract

Upon recommendation of the Chair that the School Committee award a new three-year contract with Dan Gutekanst that would begin July 1, 2021, and continue for three years.

The motion was moved by Michael Greis and seconded by Heidi Black.

<u>Discussion</u>- none The motion carried; the vote was 6-0-0.

#### Compensation as Part of the Superintendents Contract

Chairman Longo Carter stated that the primary part of the Superintendents contract is his salary. She stated that she is proposing that the School Committee award the Superintendent a 2.23% increase in his salary. Chairman Longo Carter stated that last year the Superintendent was only awarded a 0.5% increase in his salary and before that it has been in the 3% to 3.5% range. Chairman Longo Carter also stated that the only substantive change is that with the Superintendents contract a longevity payment will be included. She stated that this is to recognize his 15 years of service to the Needham Public Schools, and this is consistent with other Superintendent contracts in neighboring communities.

#### Award the Superintendent Salary Increase and Longevity Payment

Upon recommendation of the Chair that the School Committee award the Superintendent a salary increase of 2.23% and to introduce a longevity payment into his contract.

The motion was moved by Michael Greis and seconded by Connie Barr. Discussion

Aaron Pressman stated that the Superintendent has been a tremendous asset to the Town of Needham. He stated that he is opposed to the proposed increase to the Superintendent's salary which totals approximately 3.5% including the salary and longevity payment. Mr. Pressman stated that in the past the Superintendent's contract included a clause, that was removed this year, which the School Committee aims to keep the Superintendent's pay between 55th and 88th percentile of the 20 surrounding communities. He stated that this was a prudent range. He also stated that of the 20 surrounding communities Needham ranks  $10^{th}$ in the average tax bill,  $12^{th}$  in per-pupil expenditures, between  $10^{th}$ and  $13^{th}$  in teacher salaries, and between  $10^{th}$  and  $13^{th}$  in test scores. He stated that we all wish we could pay our great people as much as possible but that it is important to keep it within the range that we had in the past. He added that the Superintendent is over the 88th percentile and this is why he would support a smaller salary increase this year.

Michael Greis stated that he is in support of the motion as it stands. He stated that when the Superintendent was hired he was compensated at a fairly low level. Mr. Greis referred to the years in which the Superintendent refused to take an increase during a rough financial period. Mr. Greis stated that the 55 and 88<sup>th</sup> percentile was in place to move the Superintendent to where he should be because he started at a modest level with no superintendent experience but performed extremely well even especially during the difficult financial years. He added that the 55<sup>th</sup> and 88<sup>th</sup> percentile has been removed because the Superintendent is one of the most outstanding Superintendents in the State and has a longevity that is almost unheard of in the position. He stated that the proposed increase is reasonable and that the Superintendent is an extremely high-performing individual.

Susan Neckes stated that she agrees with Mr. Greis. She stated that the School Committee is mindful of the budget and Town resources and because of the quality of the Superintendent, longevity, and experience that he brings to his leadership role that this is an appropriate increase. She stated that she supports the contract and motion as presented.

PORTRAIT OF A NEEDHAM GRADUATE

SHARED VISION OF THE FUTURE FOR OUR PRE-K TO 12 STUDENTS

a milli

**FY23** 

**FY22** 

In FY21, despite the pandemic, we built on the initial year's Actions and started to integrate best practices and new ideas.

In FY22, we will work to scale and

optimize the Actions for going forward.

**FY20** 

As we began to implement the Portrait Plan, our focus was on the existing bright spots and foundational Actions we could take to explore and prepare for this work.

## PRIORITY 1:

## ALL STUDENTS ARE DRIVERS OF THEIR OWN LEARNING

Strategic Objective A: Incorporate opportunities for student choice, independent learning, personalized pathways Strategic Objective B: Provide structures and experiences that enable student efficacy, leadership, and voice

Strategic Objective C: Teach students content and skills necessary for them to grow personally and academically

# Needham FY22 Actions:

**1.1**: Use essential content and practice standards that have been identified in all disciplines to **support a personalized learning experience** and allow room for student agency, voice, and choice (e.g., project-based learning, independent study, career exploration, etc.)

**1.2:** Fully integrate successful technology practices explored during remote learning to further personalize instruction for students (e.g., more options for completing coursework, live interaction online with experts/teachers outside the classroom, etc.)

**1.3**: Align the social studies curriculum with the <u>racial literacy curriculum</u> (including civics projects and the <u>Courageous Conversations on Race</u> model) and expand to all grade levels

**1.4**: **Develop curriculum to reinforce <u>Portrait competencies</u>** with students in developmentally appropriate ways from grades PreK to 12

## **PRIORITY 2:**

## **ALL STUDENTS EXPERIENCE INTEGRATIVE TEACHING & LEARNING**

| Strategic Objective A:                | Strategic Objective B:                           | Strategic Objective C:                |  |  |  |  |  |  |

**2.2: Expand use of a <u>Multi-Tiered System of Support</u> (MTSS) framework that optimizes datadriven decision making, progress monitoring, and evidence-based supports and strategies (with increasing intensity) to leverage student growth academically, behaviorally, and social-emotionally** 

**2.3: Strengthen** <u>Tier 1 instructional and behavioral strategies and practices</u> that are universally designed and culturally responsive to improve academic and social-emotional outcomes for all students in the general education setting

**2.4: Widen our mental health safety net** for all students through the development of a comprehensive system of mental health supports

## **PRIORITY 3:**

## **ALL STUDENTS LEARN & GROW WITHIN ADAPTABLE ENVIRONMENTS**

Strategic Objective A: Support & design classroom models and environments that foster collaboration and innovation Strategic Objective B: Provide time, schedules, and spaces that promote learning objectives Strategic Objective C: Complement instruction with accessible learning beyond classroom, within community, and in partnership with families

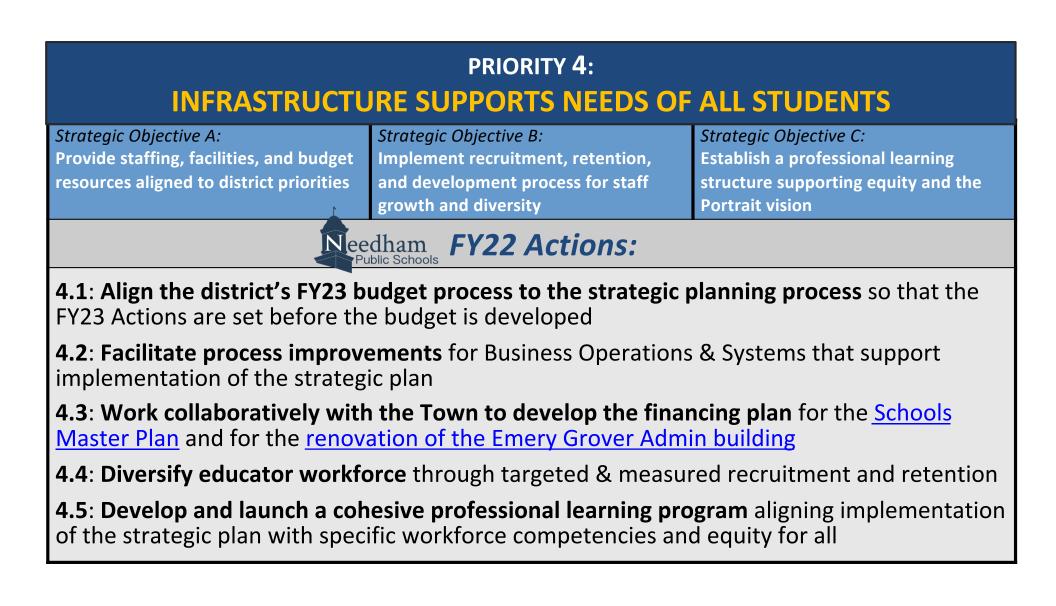

**3.1: Increase opportunities for flexible/innovative groupings of students** (e.g., buddies, assemblies, projects across grade levels, etc.)

**3.2: Implement a redesigned elementary master schedule** (i.e., allow time for support/re-teaching/intervention for all students in a general classroom setting)

**3.3**: Expand the use of outdoor classroom spaces and alternative environments (e.g., nature trails, amphitheater, Community Farm, DPW for recycling, local businesses for internships)

## **Revolving Fund FY22 Budget Request**

| Fund Name:                | H.S. Parking Fund (2350-3424)      |
|---------------------------|------------------------------------|
| Fund Manager:             | High School Principal              |
| <b>Executive Summary:</b> | Keep Parking Permit Price at \$100 |

### Fund Description:

This account funds the sale of parking permits to Needham High School students. Permit fees are used to maintain a safe driving environment at the school by providing adult supervision in the student lots before school, and before and after lunch break.

### **Enabling Legislation:**

Previously, MGL Chapter 71, Section 47. Now MGL Chapter 71, Section 71E. The Municipal Modernization Act amended the language of MGL Chapter 71, Section 71E, the statute authorizing school adult education and continuing education programs, to include the collection of parking fees in connection with the use of school property. The amended language of MGL Chapter 71, Section 71E now allows parking fees to be collected in connection with the use of school property. As a result, fee revenues now can be used for expenditures associated with maintaining the lots.

The 2017 Annual Town Meeting voted to formally authorize the programs provided under this statute.

### **Critical Issues:**

None.

### Support for District Vision, Mission, Goals, Objectives:

The High School parking fund promotes the District's goal of *ensuring the infrastructure supports district* values and learning goals.

### **Description of Revenues:**

For FY22, 200 parking permits are projected to be sold. These permits are sold on a first-come-first-served basis, for the full year. Although permits are currently sold on a semester basis (at half price each semester), FY22 permits would be good for the entire year. In FY21 there were five waivers issued and this budget anticipates having to issue the same number in FY22.

The FY22 proposed permit price is \$100/school year permit, which is the same price as in FY21. Total revenues are budgeted at \$20,000, representing 200 permits at \$100/permit.

## Staffing:

The FY22 budget includes a 3-hour per day parking lot/traffic attendant position. The rate for this position is \$15.23/hour, for \$8,222 per year.

### **Expenses:**

Expenses total \$27,856 and include the aforementioned parking lot/traffic attendant position, as well as the following: \$7,634 re-lining of parking spaces cost (one-time), and \$12,000 in snow removal expense. It is anticipated that the cost of the attendant and the snow removal will be ongoing.

| RE:   | Theatre Arts Programming at Middle and High Schools |
| DATE: | July 12, 2021                                       |

Fine and Performing Arts Director LeeAnn Sutton, Assistant Superintendent for Finance and Operations Anne Gulati, and I have had some recent conversations about the resources, structures, and finances that support our middle and high school theatre arts programs. This was prompted, in part, by a discussion we had about the theatre arts program with the Friends of Music (FOM) and Needham School Committee Chair, Dr. Connie Barr.

As a result of these discussions, I am proposing the following to enrich, support, and guide our middle and high school programming in the 2021-22 school year and beyond:

- In May, Needham Town Meeting appropriated \$60,000 to fund a design study for lighting, sound, and technology in the three school venues that host theatrical and music performances: The NHS auditorium, Newman auditorium, and Pollard auditorium. This fall, and under the direction of Ms. Sutton, a representative group of staff, FOM, community partners, and a student and School Committee representative will come together to help choose a designer for this important project and, further, to discuss a vision for theatre arts in the NPS. I anticipate Ms. Sutton will share initial findings, ideas, and information to the Needham School Committee in the spring of 2022.
- Currently the district has .3 FTE allocated for high school theatre arts teaching. A recent theatre arts resignation at the high school provides an opportunity to go in a strong and new direction with the program. I propose that, temporarily, we increase this to .6 FTE to cover the curricular theatre arts classes and to formally include the co-curricular responsibilities regarding directing and production management of the NHS Theatrical productions into this role, rather than relying on ad hoc stipended positions. Without a dedicated and capable person, the growth and success of the theater program at NHS will be limited. The person in this newly designed position will also work with the technical directors of the Middle School and High School productions to maintain the technical theater equipment and will serve as a knowledgeable expert for those who use the District's performance spaces. The spaces will continue to languish and the

expensive investments in theatrical equipment already made will continue to deteriorate without oversight. This .3 FTE increase would be for FY22; a permanent increase would need to go through the FY23 budget process in the fall and winter.

• A \$30,000 FY22 operating subsidy of the theatre arts program is appropriate given the financial hit the revolving account took during the 2020-21 school year as a result of the pandemic. Details about this specific proposal can be found in the revised June 8th revolving funds memo provided by Ms. Gulati and included in the July 12, 2021 School Committee packet.

We are fortunate to have talented teachers and students in the Fine and Performing Arts Program at every level in the Needham Public Schools. Under Ms. Sutton's leadership, I believe these steps will support dedicated staff and newly recruited teachers to provide the best possible programming for our middle and high school theatre arts students.

I look forward to sharing additional information and updates about the Fine and Performing Arts Program and theatre arts in the coming school year.

### **Fund Description:**

This fund consolidates all school based theatrical productions within the District, with the exclusion of Students Acting to Make A Difference (SAMD). The Fall SAMD Musical is funded through a Student Activity Account. This includes the High School and Middle School musicals, as well as the High School and Middle School plays. The musicals are annual productions that involve over 160 students in Grades 6-12 in a variety of roles, including acting, chorus, dance, instrumental, lighting/sound, set design/construction and costumes. The plays are traditional one or two-act plays that focus on acting, directing, and theater tech, and are meant to ensure that students are exposed to theater in the tradition of Shakespeare and Miller. Unlike the musicals, traditional plays put the focus on character development and telling a story dramatically, without substantive enhancements of music and dance which are vital to maintaining a comprehensive Performing Arts Department.

Past productions have included Cyrano de BurgerShack, Shrek, Annie, The Secret Garden, Little Shop of Horrors, Needham Neverending, Noises Off, Our Town, The Odd Couple, Spoon River Anthology, Romeo & Juliet, Inherit the Wind, The Crucible, The Seusification of Romeo & Juliet, Hounds of the Baskervilles and in FY17 Almost, Maine and Number the Stars.

The Senior Directed Show is an Independent Study Senior Student Theatrical Production, selected by an application process and a committee consisting of the Director of Fine and Performing Arts and the NHS Principal.

### **Enabling Legislation:**

MGL chapter 71, Section 47

### **Critical Issues:**

In FY22 the FPA Department is planning and looking forward to a return of in-person productions with full auditorium capacity. FY20 and FY21 have been challenging years for this account with the many COVID-19 related restrictions in place for Performing Arts, leading to the cancellations of in-person productions in the Spring of 2020 and the need for virtual performances during SY20-21. These factors have contributed to decreased revenue generation in this account. The account will need to be carefully monitored in FY22, with an additional subsidy requested from the District in the amount of \$30,000 to fully fund the productions in FY22.

While we are planning a full return, the Department would also like to be prepared should productions need to run either virtually or with a reduced auditorium capacity. In both of these alternate production scenarios the production plan, revenue, and expenses will need to be carefully monitored throughout to ensure fiscal sustainability.

During SY20-21 (FY21) the FPA Department delivered theatrical productions virtually ( with the exception of the Senior Directed Show which ran one in-person performance and one virtual event). Running these programs virtually allowed for the programming to continue and provided students of all cohorts the ability to participate. During the Spring Production of the NHS and Pollard Musicals, students were able to rehearse in-person as appropriate which helped to enhance the student experience and overall productions.

There were three new stipends that were approved in FY20 by the Stipend Committee that are now paid from this revolving account. While these additional stipends helped to address some of the structural issues and human resource needs in presenting a production, they did not fully resolve Department struggles in this area. Additional support is needed for productions especially for SAMD. An increase last year in the MS Musical and HS/ MS Play ticket prices was meant to ensure that the account remained healthy given these additional stipends. Reduced revenue due to COVID-19 restrictions on in person performances and the need for additional stipend support will impact this assumption.

Sound and facilities for the musical productions continues to remain a critical issue of this account. An Auditorium Feasibility Study has been approved by Town Meeting in FY22 in order to begin to address these issues.

Fine and Performing Arts has begun to address the sound issues that are faced during musical productions. In FY20 FPA purchased eight new wireless microphones and additional system requirements (rack, receivers, etc) at a total cost of \$7,186.50, funded in part by this Revolver and Department Operating Funds. The purchase of an additional twelve additional wireless microphones (for a complete set of twenty) was deferred in FY21 and will be completed in FY22. The purchase of twelve additional wireless microphones is approximately \$10,000.

This account continues to fund the purchase of stage replacement light bulbs at Newman, NHS, and Pollard. Due to decreased revenue and fund balance, this practice will need to be assessed in FY22 and beyond.

### Support for District Vision, Mission, Goals, Objectives:

The High School/ Middle School musicals and plays provide age-appropriate comprehensive professional level musical theatrical experiences for our students. With musicals and plays requiring collegial effort by a diverse population of staff, students and parents, requiring the development of social, emotional, and

citizenship skills. The provision for stipend support for the annual SAMD production, as well the Independent Study student produced/directed production supports the development of independent learners and self-directed young adults.

The activities of this fund supports the following District Goals and Objectives:

- PONG Priority 1, Objective B "Provide structures and experiences that enable student efficacy, leadership, and voice."
- PONG Priority 1, Objective C: "Teach students content and skills necessary for them to grow personally and academically."
- PONG Priority 2, Objective C: "Provide opportunities for students to demonstrate knowledge and skills through multiple means of expression."

### **Description of Revenues:**

Revenues are collected in the form of ticket sales and student participation fees (Costume and Materials Fee for the Musicals). While we are planning to resume **"FULLY IN PERSON PRODUCTIONS WITH FULL AUDITORIUM CAPACITY"**, two additional scenarios are projected: **"REDUCED AUDITORIUM CAPACITY"** and **"Fully VIRTUAL"**.

No permanent staff members are paid from this fund. Staffing consists of employees that are paid directly from this fund and those paid from the operating budget. The table below indicates whether a stipend is paid from the Operating Account or this Revolving Fund. With a return to Fully In Person Productions, all stipends will resume in FY22. Should the need for a Virtual Productions arise, then the stipend usage will be adjusted accordingly.

\* Pit musicians and accompanists are also hired for the Musical Productions. With the exception of the pit musicians and accompanists, all staffing costs are Unit A contractual stipends. These additional staffing costs are reflected in the expenses as outlined below.

There is a need for additional Stipend support for the Theatrical productions especially with regards to SAMD.

### **Expenses:**

The expenses below assume fully in person productions during FY22 and have been updated from the November 2020 report to reflect an accurate assessment of a full production without reduced costs.

Should the need arise for an alternate production plan, the expenses would need to be adjusted accordingly. For example, if the need for virtual productions arise, the need for Zoom Webinar and Sound Editing would be present. These costs would replace some of the equipment rentals. It should also be noted that with alternate production plans the revenue generated decreases, with increased operating deficit occurring.

The average production cost for a Musical is \$21,427. The average production cost for a Play is \$5,928.

The total production costs are \$61, 617. With expected revenue generation of \$40, 875, a subsidy of \$30,000 is requested from the FY22 operating budget to bridge the anticipated revenue deficit of \$20,742, and restore fund balance to the historical amount necessary to meet cash flow needs.

Additionally, the Department is requesting \$10,000 in FY22 and beyond in order to better support the SAMD production with stipends for a Set Director, Technical Director, and to increase the Director and Music Director Stipend amounts to levels that are consistent with the other Musical Productions.

The FY22 ending fund balance is projected to be \$21,357 in Fully In Person.
